

REDS PLAN NEW POLE SMASH

SLAVS GET GUNS IN GERMANY REPORT TODAY

40,000 Bolsheviks Mass 'On Lithuanian Border, Paris Learns

PARIS, Dec. 17.—Bolshevik troops numbering 40,000 are concentrated along the Lithuanian border in preparation for another drive on Poland, the French foreign office was advised today.

Dispatches reported the Bolsheviks were receiving enormous shipments of munitions from Germany through the port of Reval.

FAVORS PROBE INTO BETHLEHEM STEEL CO.

WASHINGTON, Dec. 17.—Representative Frank Murphy of Ohio, said today he is considering introduction of a resolution to have the federal trade commission investigate the policy of the Bethlehem Steel company which refuses to sell fabricated steel to New York and Philadelphia contractors who use union labor.

This policy was outlined by President Grace of the Bethlehem company, testifying before the New York building probe.

Grace said his concern favors the "open shop" and will sell steel only to contractors who use open shop methods.

"This policy is un-American," said Representative Murphy. "It seems like a violation of the anti-trust laws."

HINDU PAYS DEATH PENALTY ON GALLOWS

SAN QUENTIN, Dec. 17.—Maher Singh, Hindu, convicted of murdering three countrymen on Jersey Island, Contra Costa county, was hanged in the state prison today. He went to the gallows quietly, murmuring a prayer.

TO ENLARGE CANALS AS FLOOD PREVENTIVE

OROVILLE, Dec. 17.—District Attorney John Robinson was instructed by the Board of Supervisors to serve formal notice on the Western Canal company that it must immediately enlarge its drainage ditches west of Nelson in order that flood waters may find other outlets than the county road. This action was taken by the board after W. A. Shipp, Butte county rancher, made a formal complaint against flooded conditions in that vicinity.

SIREN SONGS OF SOUTH SEA MAIDS TRIP 'LEATHERNECKS'

WASHINGTON, Dec. 17.—Two South Sea maids singing the siren song of their native tropical setting, have just led a pair of American marines into an adventure that included a perilous sea voyage, marriage, and then arrest for desertion. And it hasn't ended yet.

Naval authorities here today were considering the romantic case of Corporal William V. Dawson, 22, of Walnut, Ala., and Sergeant Everett E. Clifton, 22, of Winona, Minn., stationed in the marine corps on the island of Guam.

COLLEGE BEAUTY IS LEADING DRIVE FOR FUNDS FOR STADIUM

ELOISE FROMME

Selected by popular vote of students of Ohio State University as "The Stadium Girl," Miss Eloise Fromme, Urbana, Ohio, has been the central figure in all activities connected with the drive for a \$1,000,000 fund with which to build a mammoth athletic stadium at Ohio State. Miss Fromme, who is a senior at the university, is one of the most popular girls on the campus.

FOUR SOLDIERS CALL TROOPS TO DIE IN CLASH WITH IRISH

LONDON, Dec. 17.—Great Britain today worked over snarled conditions in Ireland to find the strand that will lead to peace.

New violence occurred with an attack by nearly 100 armed Sinn Feiners on a small detachment of soldiers at Newport, New Tipperary.

The soldiers were instantly alert as yells rang out and rifles cracked from ledges over limestone walls along the road. The soldiers replied as best they could but it was believed they were unable to do damage to Sinn Feiners who remained hidden. Four of the soldiers were killed before the machine men had dashed through the ambush.

Laborites here submitted their peace plans to Premier Lloyd George last night and were said to believe that peace can be accomplished shortly.

Passage of the home rule bill is considered certain Saturday when the house of lords is expected to agree to changes made by the house of commons.

COUNTY INVESTS \$300,000
BAKERSFIELD, Dec. 17.—The board of supervisors of Kern County has voted to invest \$300,000 county treasury funds in United States certificates, short term, which bear between 5 and 6 per cent.

QUELL KANSAS RACE RIOTS

INDEPENDENCE, Kan., Dec. 17.—Alarmed over the growing seriousness of race rioting which broke out here last night, as a result of the murder of a white merchant by a negro, authorities have requested of Governor Henry Allen that troops be rushed here to prevent further trouble.

Two men—a white boy and a negro—were killed and four others injured, three probably fatally when blacks and whites clashed in the street.

The trouble started following the killing earlier in the day of R. R. Wharton, a grocer, by a negro. Late in the day Noble Green, negro, was captured by a posse and taken to jail. Last night eight armed negroes appeared on the streets and when officials attempted to disarm them they opened fire.

Lawrence Clennan, a high school boy, white, fell, shot through the lungs. Arthur Harper, a negro, then was killed. The four men injured included three white men. They are said to have been seriously wounded.

In response to an appeal, 150 former doughboys, members of the American legion here, volunteered to patrol the city.

The casualties included:
Dead:
Lawrence Glennan, high school boy, white.

Wounded:
F. S. McHenry, baker, white.
A. W. Mibeck, jeweler, white.
Fred Kelly, barber, white.
Norman Dickens, negro.
The rioting started at 7 p. m. and continued for two hours when ex-soldiers and police finally succeeded in clearing the street.

EAGAN EASY WINNER IN SIX ROUND BOUT

TACOMA, Wash., Dec. 17.—Joe Eagan of Boston played with Johnny Celmar of Toledo in a six round bout here last night and easily outpointed him. The men are middleweights.

Frank Pete of Seattle and Young Sam Langford of Portland boxed six rounds to a draw in the semi-windup.

L.A. Police Question 'Man In Gray' In Mysterious Slaying

WILL ENFORCE CURFEW EDICT

L. A. POLICE TO PROTECT CHILDREN

Chief Pendegast Takes Drastic Step to Frustrate Vice Gang

LOS ANGELES, Dec. 17.—The curfew law, prohibiting children under 16 years of age from appearing on the streets after 9 o'clock, will be rigidly enforced beginning tonight, Chief of Police Pendegast announced, as a result of numerous recent attacks on girls and women.

The chief has warned women to keep off the streets at night.

R. R. MAN RESIGNS AFTER BEAUTY DIES

LAFAYETTE, Ind., Dec. 17.—H. C. May, former superintendent of the Monon railroad, prepared today to leave for California, having resigned his position with the railroad.

May's resignation came a week after the body of Mrs. Viola Minnie Reynolds, pretty and wealthy widow, was found in her luxurious apartment in Chicago. On the night she was found she had committed suicide. In the room were many telegrams and letters signed "H. C. May." Clothes bearing that name label were also found in the apartment.

May testified at the inquest and said his friendship for the woman was merely through business relations and that he had planned to assist her in purchasing a hotel.

No explanation of May's resignation was forthcoming from the Monon officials. Neither May nor his wife would make any statement beyond saying they were going to California to live.

FAIL TO GET TRACE OF MISSING AIRMEN

ROCKAWAY POINT, Dec. 17.—Clinging to the hope that the three naval aviators swept northward in a snowstorm last Monday had landed from their balloon in safety, naval officials anxiously awaited word from dispatches sent to upper New York state and Canada for information. The airmen have been missing nearly a hundred days.

When word failed to arrive today, naval officers began to fear that the balloon and its three officers had fallen into Lake Ontario.

WILSON PURCHASES HOME IN WASHINGTON

WASHINGTON, Dec. 17.—President Wilson has purchased the Henry P. Fairlee residence at 2340 S. street, northwest, Washington, it was announced today by Randall H. Hagner and company, Real estate dealers.

FRESNO POLICE NAB PAIR OF PUGILISTS

FRESNO, Dec. 17.—The first of the San Francisco pugilists to fall into police nets here and the first alleged "hanger-on" were arrested by the police on a downtown street after attempting to take a ring away from a Fresno girl, with whom, it is said, they had been riding. The pair were Harry McGraw, known as Harry Martin, and Howard Alberger, said to be a San Francisco bell boy. The pair admitted that they left San Francisco recently when the prize fights were stopped and had been here three days. Neither of the men had sought employment, they admitted. On their persons were found several bonds of the National Paint Company, and Alberger had a check for \$50, which he admitted was forged in his father's name, the police said.

BILL WOULD STOP FOOD IMPORTS

Solons Plan to Place Embargo on Long List of Articles for Year

WASHINGTON, Dec. 17.—A bill placing an embargo for a year on the importation of wool, cotton, sheep, livestock, meats, wheat, and potatoes in the United States will be introduced in the house as a result of a conference today between members of the house ways and means committee and the senate finance committee.

SPITBALLERS MAY GET LIFE REPRIEVE

NEW YORK, Dec. 17.—The stage for baseball's winter show was further cluttered here today by the arrival of Ban Johnson and his American league troop.

The audience, consisting of the National league forces and a flock of minor league managers looking for crumbs from the big league table, were expecting a short and sweet session.

Ratification of the new National agreement, approval of a 154-game schedule starting April 13 and favorable action on the suggestion to let the spitballers work on to the end of their days, are known items of new business.

RAISIN MEN PROPOSE BIG BUILDING MOVE

FRESNO, Dec. 17.—New buildings and additions to existing plants aggregating more than \$1,100,000 were authorized at meetings held by the respective boards of directors of the California Associated Raisin company and the Peach and Fig growers. The raisin company will spend \$210,000 in alterations and repairs, this being distributed over twenty-five plants. The budget of the peach growers includes \$500,000 for a plant and equipment at Fresno.

SUGAR STAGES NEW PRICE DROP; NOW \$8

SAN FRANCISCO, Dec. 17.—Sugar dropped another half cent a pound in price today. The California and Hawaiian Sugar Refining Company announced a new price of \$8.00 per cwt. for granulated cane sugar. A week ago the price per cwt. dropped from \$9.00 to \$8.50.

PENROSE BALKING AT EMERGENCY FARM AID

WASHINGTON, Dec. 17.—Any "piecemeal" or emergency tariff revision to aid the farmers or any other class is impracticable at this time, Senator Penrose, chairman of the senate finance committee has informed congressional leaders by telephone from Atlantic City.

KNOFF HAS RESIGNED

FULLERTON, Dec. 17.—Carl Knopf, instructor in history, today resigned from his place on the faculty of Fullerton Union high school. He made no statement of the reason for resignation.

JAP SHOTS YOUTH

LOS ANGELES, Dec. 17.—Walter Bruner, 19, was in a critical condition today, suffering from a bullet wound above the heart inflicted by M. Okamoto, a Japanese, whose home Bruner is alleged to have attempted to enter. Bruner said he went to Okamoto's place to pick strawberries, but police asserted there are no strawberries there.

Recluse, Supposed Poor, Leaves Fortune to Charity

CHICAGO, Dec. 17.—Wealth, estimated at several hundred thousand dollars, was left by Michael Heron, 75-year-old recluse, according to bank officials here today. For more than a score of years Heron was pitted by his poor neighbors for his apparent poverty.

In that time he lived in a single brick room. Its walls were unplastered and the floor was cold and bare. He was found dead yesterday, having been overcome by escaping gas. Examination of his effects revealed a will leaving everything to the United Charities.

Police laughed until a search of a safe deposit box showed that he held gilt-edged securities worth several hundred thousand dollars.

"39" BULLETINS

NAPA, Cal., Dec. 17.—Dr. W. A. Holsholt, 62, medical superintendent of the Napa State hospital and a noted alienist, dropped dead in the hospital today, presumably of heart disease.

WASHINGTON, Dec. 17.—The senate today adopted a resolution postponing until January 31, 1921, the date on which the joint congressional committee which investigated sites for naval bases on the Pacific coast must make its report to congress.

NEW YORK, Dec. 17.—The board of directors of the American league today agreed unanimously to appropriate a fund for the prosecution of crooked baseball players and gamblers who specialize in baseball.

WASHINGTON, Dec. 17.—The census bureau today announces the final revised figures for the United States and the various states. The population of the United States is 105,708,771.

SAN FRANCISCO, Dec. 17.—Companies, operating ferry lines on San Francisco bay, at noon today sent a letter to the ferry boat employees' committee rejecting the men's demands for a wage increase. The men previously had threatened to strike unless the increase was granted.

PAVING CASE TO BE HEARD IN SUSANVILLE

SUSANVILLE, Dec. 17.—Superior Judge J. O. Moncur of Plumas county, will hear arguments on the question of making permanent the temporary injunction against street paving in Susanville. This injunction is directed to the superintendent of street, and forbids him carrying out the terms of an agreement made between the city and a paving firm for paving the principal streets of the town. John M. Ramsey and Alex Sifford head the group of citizens who secured the temporary injunction.

CUTTLE TO INSPECT FLOOD CONTROL PLAN

RIVERSIDE, Cal., Dec. 17.—Francis Cuttle, president of the Tri-County Reclamation committee, of this city will go to the Santa Ana river debris cone Saturday to inspect work that has been done to spread the water of the river during flood season by means of laterals.

In the party will be supervisors of San Bernardino county. Much has already been accomplished by the committee toward the conservation of the water supply in spreading the waters of the Santa Ana river during the rainy season by means of laterals. The committeemen will also discuss plans for work that is to be done in the future.

HONOR ADMIRAL STRAUSS

WASHINGTON, Dec. 17.—Rear Admiral Joseph Strauss, former chief of navy ordinance, is to be appointed commander-in-chief of the Asiatic fleet in recognition of his work in the laying of the North Sea mine barage during the war and its removal after the armistice. He will succeed Admiral Albert Gleaves.

SUSPECT IN SUDOW DEATH CASE TAKEN TO VIEW REMAINS

LOS ANGELES, Dec. 17.—With Edward George McLaughlin, the elusive "man with gray" hair wanted in connection with the murder of Mrs. Fay Sudow, in custody here, authorities today questioned the man regarding his relations with the woman in an effort to clear up the murder mystery.

At the same time a coroner's jury was investigating the death and late this afternoon returned a verdict to the effect that the woman had been killed by a person or persons unknown.

Views Mutilated Body
McLaughlin, 39 years old, a telegrapher, residing in Pasadena, frankly admitted he had been on the most intimate terms with Mrs. Sudow, but throughout an all-night grilling in the Boyle Heights police station he steadfastly denied he knew anything concerning the slaying.

Taken to a semi-darkened morgue where lay the mutilated remains of the murder victim, McLaughlin, with remarkable composure, silently gazed at the gruesome sight. Then he remarked: "From what little there's left to go by, it looks like Mrs. Sudow."

McLaughlin admitted he is the man who registered with Mrs. Sudow in a Temple street rooming house here from November 27 until December 10. Other witnesses, however, have asserted he remained at that house until as late as December 13, after the finding of the body of Mrs. Sudow in the shallow grave in a lonely eucalyptus grove in the Edendale hills.

Discrepancies In Story
This and several other discrepancies in McLaughlin's story were to be checked up today by detectives. His frankness and his apparent willingness to assist detectives in the inquiry, however, were considered points in his favor.

Word of the release from custody of Harold W. Weller, who surrendered at Tucson Wednesday night upon learning that his name has been mentioned in the case, was received here today. He established a clear alibi.

Weller, whom Mrs. Sudow is said to have discarded in favor of McLaughlin, asserts he and Mrs. Sudow were to have been married next April when her divorce became final and that he was to have received half her fortune, which he estimates at \$200,000. He expressed the belief that the murder was committed by someone who sought to prevent the marriage.

McLaughlin said he first met her about ten years ago, but their acquaintance was slight. Once he saw her in San Francisco. He met her again in November, he said, and she told him of Weller, who she said she intended to "drop gradually."

Thought Her Poor Woman
Mrs. Sudow always dressed shabbily and impressed him as being a very poor woman, McLaughlin declared.

At their meeting in November, he asserted, he told her he had just quit his job.

"She asked me to come and stay with her, saying I would save room rent," he told detectives. "I tried to avoid her but she called me up on the telephone later and told me she had engaged the room in Temple street, so I went there and lived with her."

BIG STEEL PLANT CLOSES; 2000 IDLE

PITTSBURGH, Pa., Dec. 17.—Two thousand employees of the Allegheny Steel plant at Tarentum are idle today. The plant has closed down indefinitely for lack of orders. Official announcement at the offices of the West Penn Steel Co. said that the plant would be entirely closed by Dec. 24.

REFERENDUM ON WAR DISCUSSED AT MARION

MARION, Ohio, Dec. 17.—Light on the plan for popular referendums on war was sought by President-elect Harding today in a conference with William J. Bryan, former secretary of state.

Harding was also to discuss his cabinet with Harry M. Daugherty, his chief political adviser, who probably will be offered the post of attorney general.

Advisers to the president-elect are already split over the feasibility of the suggested referendum on war.

Governor Coolidge sees great difficulties in the way of carrying out the proposal.

CITIES FAVOR PLAN FOR POWER COMBINE

BAKERSFIELD, Dec. 17.—Plans to unite the cities and towns of the San Joaquin valley in a gigantic movement to secure power sites in the mountains for the development of hydroelectric energy for municipalities were set on foot at the annual meeting of the San Joaquin Valley Municipalities branch of the California Municipalities League.

The following officers were elected: Mayor W. F. Toomey, Fresno, president; Mayor Harry Hawley, Delano, vice-president; Mayor Isaac Clark, Visalia, secretary-treasurer.

WOUND STRIPES SAVE SOLDIER FROM JAIL

SAN FRANCISCO, Dec. 17.—When Michael Narey, 21 years old, a soldier stationed at Fort Scott, exhibited two wound stripes to Federal Judge Maurice T. Dooley, Narey was fined \$25 instead of going to jail for having forged and cashed a money order said to have belonged to Mrs. Mary Smith.

Narey told the court he was orphaned at two years of age; that he enlisted in the army when he was 14, having falsified as to his age, and that at the outbreak of the war between this country and Germany he was sent overseas. His enlistment expired in 1919, he said, and he re-enlisted.

Tomorrow-Saturday The American National Bank Opens Its Doors

Appreciating the historical significance of the opening of any bank—knowing that Santa Ana folks have the progressive mind that values the occasion at its full worth—believing that you realize the importance of the opening of a bank with completely equipped commercial and savings departments—we want to invite you to become a FIRST DAY DEPOSITOR.

and be identified for all time with this strong financial institution, safeguarded through the supervision and jealous inquiry of the United States Treasury. Dominating the activities of this institution is the ideal of **HELPFUL SERVICE TO YOU.** The American National Bank will be guided by a spirit of helpfulness in all its relations with you.

For Your Baby

Be a FIRST DAY DEPOSITOR in the name of your baby—start a savings account—and in later years he or she will appreciate your care and forethought. Isn't that a **SENSIBLE** suggestion?

TO THE LADIES—We have made special provisions for your comfort and convenience, and you will be ever welcome to come and use them and feel at home.

THIS IS OUR INVITATION TO EVERYONE TO VISIT US TOMORROW IN OUR NEW HOME AT BROADWAY AND FOURTH

Open the First Day from 9 A. M. to 9 P. M.

The American National Bank

"The Bank Where You Feel at Home"

Broadway at Fourth

Santa Ana

AUTO DEALERS OF COUNTY TO MEET TONIGHT

Members of the Orange County Automobile Dealers Association are scheduled to hold their regular general monthly meeting at Livezey's tonight. A live meeting has been promised by Secretary Walter Biddick. The meeting will start promptly at 8 o'clock.

Various subjects of special interest to automobile men will come up. The Whittier Automobile Dealers Association has become affiliated with the local organization and some of the Whittier members are expected to be present.

A financial report will be read. A boost will be given the Los Angeles Auto Show. A report on the Bakersfield convention will be read.

BAXTER HEADS HOLT STOCKTON CONCERN

STOCKTON, Dec. 17.—To fill the vacancy caused by the death of Benjamin Holt, a meeting of the directors of the Holt Manufacturing company was held and Thomas F. Baxter was advanced from the vice-presidency to the presidency. Alfred P. Holt, eldest son of the late president, was elected a director of the company to succeed his late father and also made vice-president to fill the vacancy caused by the advancement of Baxter. It is expected that the elections will be ratified by the stockholders at their annual meeting on January 18 next. Baxter will continue the duties of general manager of the corporation. Holt, who has been actively engaged with the Peoria, Ill., plant of the company, will remain there for the present.

LIQUOR OWNERS MAY SAFEGUARD STOCKS

SAN FRANCISCO, Dec. 17.—Permission was granted for private persons to place their individual stocks of liquor in a warehouse while the owners are away from home for any length of time. Since the advent of prohibition Director S. C. Yellowley has been daily requested for permits to move private stocks of liquor from residences to a safe warehouse.

Come to our opening anytime tomorrow. Big contest on. A \$60.00 Royal Cleaner will be given free to some Orange County housewife. Granger Electric Co., 308 W. Fourth.

Folks—can you really afford to own a car when you can rent one without driver for as little as \$3 a day? 7½ cents a mile. See Copson, 411 W. 4th. Phone 1426.

FULLERTON MEN FILE INCORPORATION PAPER FOR NEW OIL COMPANY

Articles of incorporation for the Iowa-California Petroleum company were on file today at the office of County Clerk J. M. Backe. The new corporation, which is capitalized at \$600,000, has been organized largely by Fullerton men. Fullerton is to be the principal place of business. The directors of the corporation are:

E. K. Benchley, D. S. Linebarger, G. W. Finch, W. F. Coulter, F. C. Krause, R. T. Davies, all of Fullerton, and E. W. Hemphill, of Los Angeles.

Southern California

SANTA BARBARA.—Six persons were injured, three probably fatally, when a Pickwick stage bound for Los Angeles sideswiped a street car. The driver, whose name is not known here, was driving along the electric car right of way and failed to leave the tracks in time to avoid a street car.

MARICOPA.—The Maricopa Chamber of Commerce has endorsed the shorter road to Bakersfield by way of Kerto, as proposed by the board of supervisors and has instructed Supervisor J. L. Wagy to proceed with the organization of the district for the purpose of resurfacing the Maricopa-Taft highway and paving the new road from Maricopa to a point beyond the oil producing section of Maricopa flat.

UPLAND.—Five more damage suits, aggregating \$40,450, were filed by Upland and Ontario attorneys against Haven K. and B. A. Anderson, Pomona truckmen, as the result of an automobile accident on South Euclid avenue December 17, 1919. With one suit of \$25,000 filed yesterday the Pomonans today face \$65,450 in damage suits. Today's suits were filed for Harvey Hawk, asking \$10,000; for Willis M. Orom, Sr., asking \$10,000; for Ralph Odom, aged 2, asking \$20,000; for Willis M. Odom, father of Ralph, asking \$250 for doctors' bills for the boy, and by P. G. Odom, a brother, owner of the car, asking \$200 for damages to his machine.

SANTA BARBARA.—Available timber standing in the Santa Barbara forest is in excess of 350,000,000 feet, according to a report compiled by government engineers who have been on tour of inspection in the back country. The Angeles reserve, advises state, contains far more timber than the other two national reserves in Southern California, the stand there being estimated at more than 1,000,000,000 feet of merchantable timber, worth now about \$5,000,000. Announcement by the forest service is that the bulk of the merchantable timber will be sold.

VENTURA.—Arch Hitch, who has apricot orchards near Santa Paula and Moorpark, was awarded a judgment for \$39,612.11 against the Rosenberg Packing company in an action arising over alleged non-fulfillment of contract.

TRUSTEES O. K. VOTING DATE ON CHARTER

At a meeting of the board of city trustees last night, the proposed charter for Santa Ana was accepted by the board from the board of freeholders, and February 21 was set as the date for holding the election on the charter.

The charter is to be published, according to law in The Daily Register, so that voters may have an opportunity to familiarize themselves with it, and on February 21 they are to have the opportunity to vote upon its acceptance.

At the meeting of the city board last night a protest was received against proceedings for the paving of Durant street between Washington avenue and Fifteenth street. Those signing the protest are W. W. Halesworth, Mrs. Newton B. Pierce, C. L. Slack, Mrs. Beatrice Freeman, Mrs. Laura Johnson, G. H. Scott, administrator, Frances A. Tedford and Norman Hoyle.

The protest was ordered filed, and George Wells, of the firm of Wells & Bressler, which firm is circulating a paving petition among owners of property on the street, was cited to appear before the board next Monday night in regard to the matter.

FAVORS ACTION TO STEM UNEMPLOYMENT

FRESNO, Dec. 17.—Letters are being sent out from Fresno to the larger towns of California urging the authorities of those towns to lose no time in taking up the problem of providing work for the unemployed. Other towns are asked to discontinue the practice of "floating" the unemployed to Fresno. At the same time the special committee which has this feature of the unemployment problem in charge is appealing to Governor Stephens, asking him as chief executive of the state to call on all California towns and cities to give immediate attention to their unemployed.

Fresno will have no soup kitchen, it was announced. Meals for deserving cases will be provided through tickets on a restaurant, distributed from Salvation Army headquarters and from headquarters of the relief committee. There will be no city employment bureau opened, the committee deciding that results could be secured most effectively through the established agencies. The special committee asks that all persons having employment of any kind, no matter how small the job, list their names with the state employment bureau.

MUCH BUSINESS DONE BY STATE TREASURER

SACRAMENTO, Dec. 17.—The big amount of business done by the state treasury is shown by the fact that during the past two years that office has handled more than two hundred million dollars, and the amount of business has increased sixty per cent in four years.

State Treasurer Friend W. Richardson filed his biennial report today, which shows receipts for the past two years of \$108,875,099.71, and expenditures of \$109,623,846.50, an increase of \$2,803,812.02 in expenditures over the previous biennial period.

Richardson's report shows: That the interest collections on deposits have been greatly increased; that the policy of accepting irrigation bonds as security for deposits has proved beneficial to the state; that franchise tax collections totaled \$37,144,368.60; that the use of currency has proved popular and has aided the government in releasing gold; that all collections of bonds and interest coupons have been made without cost to the state; and that the Federal Reserve bank has proved a stabilizing financial influence.

In his report Richardson recommends to the legislature the adoption of a modern deposit act and says: "The legislature should again face this problem and attempt to prepare a modern deposit act. A change in the county and city deposit act is even more important than a change in the state deposit act. At present millions of dollars are piled up in insecure city and county vaults and are not drawing a cent of interest."

DROP ENLARGEMENT PROJECT vote in favor of the project, the proposal to increase the seating capacity of the Presbyterian church at Anaheim has been dropped indefinitely. Nineteen votes were in favor of enlargement and eighteen were against. It is not known what plans will be considered for the future. The opinion has been expressed by several, however, that a new church may be built at a later date, when sufficient funds, guaranteeing against delay, are available. It is thought that the plan merely to enlarge the church will be definitely dropped.

Register Want Ads Cost Little, Accomplish Much

If Hudnut Makes It The White Cross Has It!

We are proud to be able to say that the White Cross is headquarters for Hudnut products. To be so recognized brings to this institution a prestige which really means more to us than the profit we realize through the sale of vast quantities of perfumes and toilet requisites from this famous maker. We cannot too highly recommend the various Hudnut lines, not alone for their supreme quality, but because of the beauty of the packages which so gracefully contain the preparations.

Hudnut's Holiday Goods Offer Many Gift Suggestions

Violet Sec

Violet Sec seems to sing as one breathes its wondrous fragrance in Creme and Face Powder, Talcum, Toilet Water and even in Soap! The genius of Richard Hudnut has created these remarkable toilet requisites for those whom experience has taught discrimination and who have learned that the touch of this "maitre de parfum" is inimitable.

GIFT SETS

Beautiful Violet Sec gift sets are \$1.75—Gardenia and Sweet Orchid Gift Sets are \$2.50—in handsome gift box.

Gardenia

Sweet Orchid

Gardenia and Sweet Orchid have been called the "Harmony of Flowers" and true it is that the symphony of their floral fragrance has never a harsh note. These wonderful creations typify glorious Nature—the harmony of flowers.

On Friday, Dec. 17th, at 7:30 p. m., Santa Ana Lodge No. 241 will confer the Third Degree. This will be the last degree work for the year.
Visiting Brethren welcome.
ROY S. HORTON, Master.

NOTICE TO M. & M. MEMBERS
In the interest of trade and to accommodate the Christmas buyers, all M. & M. members will remain open evenings from December 20th to December 24th inclusive. By order of the Board of Directors.
F. P. NICKEY, President.
Attest: J. C. METZGAR, Sec'y.

The hospital committee of the Anaheim Chamber of Commerce, composed of the Rev. G. R. Messias, the Rev. James A. Geissinger, Charles Eysenbrod, George Dunton and D. Jessurun, is at work on plans looking to the raising of a \$300,000 fund to be used for building a hospital to take care of the needs of the northern part of Orange county. It is declared that the facilities at the Anaheim sanitarium are inadequate, due to crowded conditions.

THE CHEERFUL CHERUB

Life spreads a gay and various path. Each moment is filled with some pleasure Which we in our blindness and haste overlook—
The thing that we need most is leisure.

City and County

A meeting of special interest to beet growers will be held at the Buena Park school house Monday evening at 7:30 in connection with the regular Farm Center meeting. It was stated today. The new beet growers' organization will be discussed. All beet growers of the district are being urged to attend.

City police officers today sought a thief who last night entered the home of Theodore Winbigler, 207 East Ninth street, of the undertaking firm of Mills and Winbigler, and removed a \$60 overcoat and a light brown Stetson hat. Winbigler had returned home about 11 p. m. from a social engagement, and had hung his hat and coat up in the hall as usual. The thief took the hat and coat without awakening anyone, and without touching anything else in the house.

Members of the East Newport Ebell club opened their annual bazaar at the NuWay company's building at Balboa today, among the first visitors being delegates from the various Ebell clubs of the county. The bazaar will be open this evening and Saturday afternoon and evening. Dancing and a musical program are among the features of the bazaar. A dinner will be served by the East Newport Ebell ladies tomorrow evening at 6 o'clock.

Three unique Christmas presents were being shown today by H. E. Smith of East Washington avenue. A bundle received by Smith contained a robe and two rugs made from tanned Hereford cattle hides. "They were sent by my nephew, William Acker, of Vermillion, Kan.," said Smith. "He is a breeder of fine cattle. The robe and rugs are made from selected and finely tanned hides. The robe is a present to me and the rugs go to my sister, Mrs. Mary Lyon, and her daughter, Mrs. Ella Parker."

The condition of Otto Kientz, who was seriously injured in an automobile accident at Alhambra about a month ago, is very much improved. It was stated today at the Community hospital. He will have to remain at the hospital during the holidays, however.

John A. McFadden, who was recently discharged from the navy, is constantly improving, according to word given out today at the Community hospital. He will not be able to leave the hospital until after the holidays, it was said.

J. W. Morrison has sold the Plaza market, Orange, to John Enright, a recent arrival from Winnipeg, Manitoba.

Members of Brea Post No. 181, American Legion, today began a campaign through which they hope to raise \$4,000 with which to erect a building on a corner lot purchased by the post in Laurel Heights, a new subdivision of Brea.

Seal Beach is to have a community Christmas tree and program. Harry Mayer, well known booster at the beach town, is making the arrangements for the entertainment, which will be held Friday.

The Fullerton Red Cross is assisting Jose Rey, a Filipino, who, after his discharge from the navy, following six years of service, was robbed of \$350 while en route from Anaheim to Fullerton in a stage. Rey was second ship's cook aboard the U. S. S. Pennsylvania, and was honorably discharged at San Diego.

The American Legion Friday Evening dance will be given at Athletic hall tonight, with the usual good music and dance favors.

A Folsom, fertilizer man, returned last night from the Imperial valley where he went on business. The cotton growers in the valley feel somewhat "blue," Folsom said, due to low prices. It is doubtful whether all of this season's crop will be picked, Folsom declared. Numbers of the cotton

REGISTER FUND FOR KIDDIES NOW \$1779

The Register's fund for starving kiddies of Europe continues to grow despite the fact that considerable sums are being forwarded from Santa Ana and vicinity through other channels.

WIFE BLOCKS MAN'S CAREER ON STAGE

B. R. Hill, whose preliminary hearing on a non-support charge preferred against him by his wife, took place in the court of Justice John B. Cox, was about to be released on the charge and freed from jail, when he talked himself right back in again.

Hill, according to his story, went to San Francisco about three months ago after some trouble with his wife here. There he went to work in a cafeteria, and began taking music and singing lessons with a view to going on the stage. He had sent his wife and child only \$30 since their separation in June. His wife had earned considerable money herself during that time.

Hill, who was represented by Attorney A. E. Koepsel, had practically agreed to pay his wife \$30 on the first of every month.

Justice Cox was about to dismiss the action when Hill said: "Judge, what if I should be unable to pay it?"

"What do you mean, unable to pay it?" asked the court.

"Well, suppose I should get sick, or should be injured in a train wreck, or what if I got out of a job for a while, or something like that?"

"I think I'll bind you over to the superior court and hold you to answer to the charge," replied Justice Cox. "You can find out some of those things there. I look to me if you were already trying to think out excuses to get out of paying this money, and I don't like it. Sing and dance if you must, take music lessons if you must, go on the stage if you must, but I'm not going to have you running loose if you don't support and take care of your wife and child while you're doing it."

Hill was returned to jail in lieu of \$500 bail.

Christmas Sale of Collars Vestees and Sets—One Third Less

The term "remarkable values" is used in its fullest sense in describing this selling. It applies as well to the desirable quality and uncommon smartness of this neckwear as to the very low pricings themselves.

Vestees and Collars Combined

Includes hand-made filet and Irish crocheted vestees, organdy vestees and collars, vestees in soft pongee shade, Valenciennes lace trimmed, French yarn trimming in coral, purple and blue. Formerly priced \$3.50 to \$22.50, ONE THIRD OFF.

A Beautiful Assortment of Collars

Collars with real Cluny lace edges, real Filet and Venice laces, Princess laces, embroidered Batiste, embroidered Georgette—formerly \$2.00 to \$6.00 at ONE THIRD OFF.

Collars and Cuff Sets

In very fine Organdies, all-over embroideries, yarn designs, Philippine hand embroidery, long collar styles—a big variety—formerly \$2.00 to \$10 at ONE THIRD OFF!

Sale of Ribbons at 25c

Formerly Priced to 75c a Yard

A DISPERSAL OF BROKEN LINES

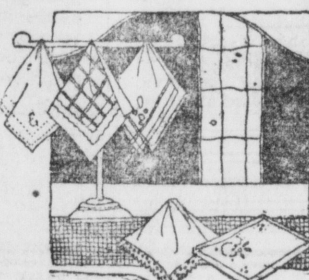

Beautiful all-silk ribbons in Plaids, Persian effects, etc.—all colorings—ribbons of splendid qualities.

Widths Nos. 100, 150 and 250

This is your opportunity to obtain ribbons either for your own needs or for Christmas giving, or the making of Christmas gifts. The price is 25c a yard and they will be on sale tomorrow in the CENTER AISLE, main floor.

The Handkerchief Store

We are very proud of our assortment of boxed handkerchiefs for Christmas gifts; there are two in a box and three in a box; colored borders, Madeira handkerchiefs, all linen handkerchiefs, beautifully embroidered motifs. Per box, 85c to \$2.00

Quite the newest in handkerchiefs—imported French tinted handkerchiefs, large colored borders, rolled hems, colored linens; all French work. Each, 75c to \$1.65
Spanish hand embroidered handkerchiefs at \$1.00 to \$2.50
All linen handkerchiefs, embroidered corners, 40c to 85c

MAKESHIFT HOUSING MEASURE SCORED

SAN BERNARDINO, Dec. 17.—Acute shortage in housing facilities in San Bernardino has called into use rooms in several structures in the business district in the last few months, quarters being fitted up as apartments and occupied by people who are unable to secure houses or regular apartments. Complaints have been lodged with the State Housing Commission that some of these "apartments" are not equipped with the proper sanitary facilities, that people are cooking and sleeping in the same room, while some of them have no kitchen sinks and other equipment.

\$5000 BLAZE RAZES CHICO GROCERY STORE

CHICO, Dec. 17.—Fire of unknown origin destroyed the grocery of J. F. Needom with a loss estimated at \$5000. The place was partially covered by insurance. Mrs. Needom, confined to her home next door by a broken leg, was removed before the flames could reach the residence, which was saved by a bucket brigade. High-power lines running over the building fell when their insulation was burned and were a menace to the lives of the firemen.

The Most Drastic Price Cutting in Our Experience Brings these

Extraordinary Shoe Values

\$6.85 - \$7.85

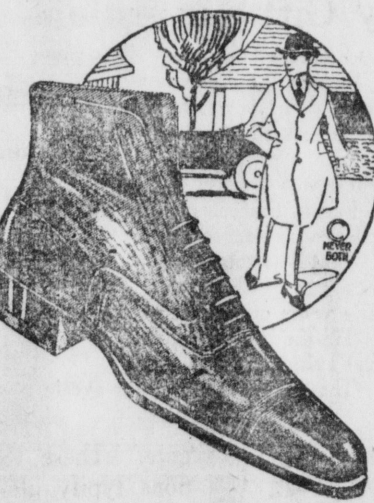

\$8.85 - \$9.85

It has been years since you have seen such values in shoes. Peterson's started the downward movement of prices in October last, foreseeing a certain amount of price revision by shoe manufacturers but nothing like the reductions we now offer.

THE REASON FOR ALL THIS—

Our stock is large—it has to be for the volume of business we handle—but it's all clean, new, up-to-date, with all sizes and styles—and our shoes are made by Utz & Dunn and Julian & Kokenge principally.

The High Shoes and Low Shoes at \$9.85 were regularly priced up to \$18.00—and EVERYTHING is on sale, NOTHING RESERVED.

NOTICE!

Men, here's a whale of a sale of Packard Shoes—best in the country, the finest leathers produced at a price you've been paying for the most ordinary shoes—nothing like these values has been seen hereabouts in years.

You may be a regular Packard customer, or you may have long wanted Packards but couldn't afford it—whatever the case, this is a real chance. Let us fit you tomorrow!

MEN'S PACKARDS AT
\$9.85

SPECIAL!

We offer High Shoes with cloth and contrasting leather tops, in Brown, Grey, Black and Tan—Black with Battleship Grey tops, Dark Brown with Light Brown tops, cloth and leather, also all-over grey boots; made of the finest of leathers; special, pair—

\$4.95
—and there are all sizes in the lot, too.

H. C. GROWING

The cost of president-making in this country has been going up steadily since Lincoln's day. A writer in the New York Forum estimates that it now costs approximately \$135,000,000 to nominate, elect and inaugurate a president. He divides the sum thus: primaries, \$10,000,000, conventions, \$15,000,000; campaigns (all parties), \$50,000,000; expenses incident to voting, \$30,000,000, and inauguration, \$30,000,000.

In 1860 Abraham Lincoln's campaign cost \$100,000. By 1892 campaign funds had grown as large as \$1,850,000 and \$2,350,000 for the two major parties. The biggest sum spent for any single candidate so far was in 1896, when McKinley was elected. That year the Republican printing bill exceeded \$1,000,000 and the total fund was \$16,500,000.

In nearly every case the largest fund has been spent for the successful candidates, with the other candidates trailing along behind in expenditures as in votes. That was not true in 1916, when the Hughes fund was more than half a million dollars in excess of the Wilson fund.

Public interest in and criticism of these huge campaign budgets seem to be increasing about as fast as the money totals. There is doubt of the wisdom of "buying" the presidency—not referring to graft or to any form of buying votes, but simply to the great publicity rivalry of modern political campaigning. There seems to be a common feeling that it is possible to spend too much money in behalf of a candidate. It is recognized that it is necessary to spend a certain amount, but how large that sum can be without exceeding the limits of safety and propriety is in much dispute.

It is possible that within the next four years public opinion will have become sufficiently definite to insure better regulation of campaign spending. Certainly some limit should be placed on the sums which may properly be collected and used for the purpose of electing any public official.

THE GREEK DILEMMA

There is no question that King Constantine is the choice of Greece. In the recent referendum nearly 99 per cent of the Greek people are reported as voting for his return. The news of his triumph was greeted in Athens and other Greek cities with tremendous enthusiasm. A stranger might have supposed that the Greek nation was hailing its savior rather than its betrayer.

Wanting Constantine, the Greeks naturally have a right to him. But if they take him, they must take what goes with him, including the disgust and distrust of the Allies and the loss of allied support. The Greek people have hardly begun yet to realize what this means. The New Greek government, though thoroughly loyal to Constantine, realizes it, and is between the devil and the deep sea.

If that government gives the people what they want, it will soon be a bankrupt government. Great Britain and France, who made Greece free nearly a hundred years ago, and have protected her ever since from Turkey and other rapacious powers, will withdraw their support. That means the immediate refusal of further loans. Greece has been running on borrowed money, with France and Britain as paymasters. If the pay is cut off, she may soon have no army. The newly gained Greek territories in Asia Minor will melt away. Civil employes and enterprises at home will lack funds. There will be no money to pay the interest on the national debt. Greece will be bankrupt.

Absolute political independence is possible only when a nation is financially and economically independent. Greece, therefore, will have to make terms with the Allies. Constantine does return to the Greek throne, it will have to be with such thorough-going guarantees as will satisfy the Allies that he has no more power for harm.

FOR SAFETY

The Constitution of the United States, and even the Declaration of Independence, are in grave danger, says Secretary of State Colby. This is not, as some persons will hastily and erroneously conclude, because of the Eighteenth and Nineteenth Amendments, or even because of the proposed Sunday Blue Laws. Neither does it mean that the spirit

and accomplishments of those two great documents are menaced. The original manuscripts themselves, however, are now stored in an ordinary thin steel safe which is proof against neither fire nor water. It stands in the library of the State Department, and is surrounded by the combustible material indigenous to such places. Fire and flood, not to mention moths and thieves, could easily destroy those historically precious documents.

No proper means is provided for exhibiting the Declaration and the Constitution to visitors who revere original copies, human liberty and American history.

The secretary of state asks of Congress a comparatively small appropriation to house these documents suitably and to provide for their protection both when on exhibition and when locked away from the public gaze. It ought not to be a very costly business to do this. Surely if Plymouth Rock and Bunker Hill deserve preservation as the places where our forefathers enacted part of the early history of the country, then the United States Constitution and the Declaration of Independence, in the original forms in which they were drawn up to declare formally the ideals, the faith and the aspirations of those same forefathers, deserve equal care.

There is a money crisis in Germany, according to the latest dispatches from Berlin. We hate to seem suspicious, but is there not an indemnity payment just about due?

New Saving Device

San Bernardino Index

Two entirely new United States government securities will be issued in 1921. They are a \$1 treasury savings stamp and a \$25 treasury savings certificate. The decision to issue these securities comes as a result of the savings campaign carried on by the treasury department during the present year in industrial plants throughout the country. This campaign has demonstrated that workers like a \$1 unit for saving and that they also are seeking an investment security of the \$25 denomination.

The new \$1 savings stamp will be bright red in color imprinted on green tint and will bear the head of Alexander Hamilton. This is the first time that the first secretary of the treasury has been fittingly honored by having his portrait on a government savings security.

The new \$25 savings certificate will be similar in design and terms to the treasury savings certificates of \$100 and \$1000 maturity value, although of different color.

The 25-cent thrift stamp and the \$5 savings stamp have obtained so strong a foothold in the schools of the nation that their issue will be continued in 1921, not only to encourage saving and wise investment, but also to give American youth the opportunity of becoming an active partner in the great business of his or her national government. This should go far to create habits of financial strength and practical patriotism throughout the nation.

The 1921 savings stamp of \$5 maturity value will be larger in size than the 1920 issue, will be orange in color and will bear the portrait head of Lincoln. The treasury savings certificates of \$100 and \$1000 maturity value also will be continued in 1921. They are peculiarly adaptable for the investment of small trusts and surplus funds or surpluses, as they are not subject to market-price fluctuation, and are being extensively used for the investment of surplus funds of unions, fraternal and other organizations, subject to the limitation to holdings of \$1000 maturity value of any one series.

Plans are actively under way to make the influence of the treasury savings movement felt in every branch of American life. To this end the three functions of the savings organization, namely, the development and protection of the secondary market for all war issues of government securities; the sale of treasury savings securities; the making permanent the habits of regular savings and investment in United States government securities will be intensified.

Serving Spirit

Pasadena Star-News

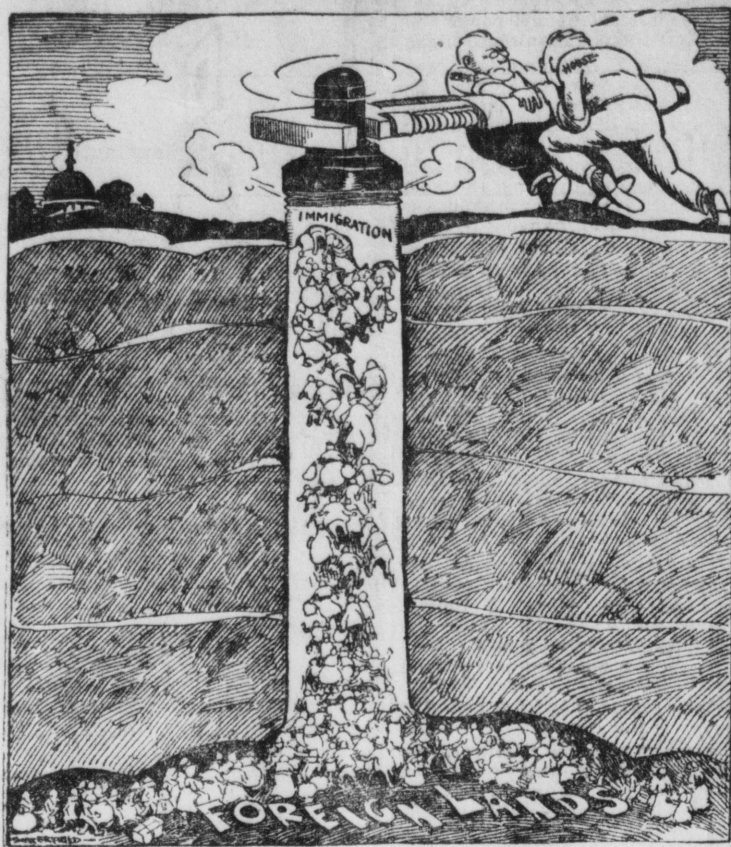

Behold a marvel—a short session of congress, just before a new administration comes in, rolling up its sleeves, cutting out Christmas vacation and settling down to hard and useful work! Something "new under the sun" at last! It is a reassuring spectacle, too! The senate has passed a measure designed to give relief to immigrants. The house has passed an immigration bill that provides for barring of all aliens for one year. Both measures will come to final passage soon, from all indications. The house and senate will proceed with the great appropriation bills. There it is hoped that marked economies may be effected. This sitting of congress, unpromising as it seemed upon its beginning on the first Monday in December, bids fair to make an excellent record for usefulness.

The revival of the War Finance corporation and provision for extension of credits to farmers are expected to bring to the agriculturists the helping hand for which they have been languishing. The War Finance corporation, rehabilitated, is expected to devise ways and means for financing export shipments of farm products. By the terms of the relief bill, as passed by the senate, this corporation also would look after the financing of products other than those yielded by the farms.

Prompt and well directed action by congress in these relief and immigration measures and an unmistakable purpose to economize in government expenditures will hearten the people and tend to bring more genial skies for the economic realm at an early date. Blessed is a congress in action, not of inaction!

Wanted—Every housewife in Orange County to enter the Royal Cleaner Contest. See instructions in this issue. Granger Electric Co., 306 West 4th St.

Capping the Well

Too Much Plume

Detroit Free Press

There is a great deal of provocation for the resolution urging the adoption of a uniform dress for high school girls, which has been submitted to the national convention of the Star Service League in Des Moines. It is not necessary to leave Detroit in order to gain conclusive evidence that the customing of a considerable portion of the girls in high schools is badly in need of reformation. A good deal of it is extravagant and overcostly and runs too much to silk stockings, fancy pumps and flimsy fabrics; some of it is extreme and the powder and paint frequently used to set it off so crudely applied that here and there teachers gag at the sights confronting them and order facial baths as preparations for class attendance.

Obviously inequalities in personal display cause heart burnings, snobishness and cliques among the young, and what is

worse, there seems, as a general thing, to be organic relationship between dress and scholarship, the scholastic standing of a girl pupil being generally in inverse ratio to the flashiness of her attire. But whether attention to dress destroys studiousness, or whether the precocious indulgence in clothes that makes the wearer look like a Broadway chorus girl just emerging from behind the footlights is only a natural reflection of brainlessness, we leave to the decision of others. And perhaps the determination of that point is not particularly vital. For, in any event, decent sobriety of attire in a school girl has an influence toward moderate sobriety of thought, and at least a faint tincture of sober thoughtfulness is very badly needed among the younger specimens of the family of the species, even among those whose intellectual equipment may be considered somewhat rudimentary.

Worth While Verses

AN AUTUMN MORNING

'Twas a blue Autumn morning
Along the eastern shores,
When you and I together
Went down to Lilligore's.

The waves about the beaches
Had hushed their stormy tunes;
The sunlight lay like Summer
Upon the wide sand dunes.

No wind stirred in the sedges
Save with a faint caress,
And the massed oak trees inland
Were hazed with loveliness.

Arm linked in arm we sauntered
Together, you and I,
And watched the broad winged seagulls
Circle athwart the sky.

And watched the great ships going
Beyond the outer bars
Upon their long, long questing
To seek the southern stars.

There was a sense of silence
Far as the ear might reach;
There was a sense of beauty
That was too deep for speech.

The years our paths may sever
Till the last daylight dies,
But I shall still remember
The dreams within your eyes!

—Clinton Scollard.

Today's Talk

by George Matthew Adams

OUR FIRSTS

The thing that makes life so intensely interesting is its variety. Monotony kills. New interests instill and inspire. Like the fresh flame that consumes so intensely the kindling beneath the logs of the lighted fireplace, so do our "firsts" give us happy thrills.

The boy's first long pants, his first attendance at a circus, his first sweetheart, his first day at college—or any number of "firsts" that crowd the experience of any of us—what would we do without them?

When a man or woman begins to tire of their "firsts," then life truly is coming to an end for them.

Youth is glorification of "firsts."

The very world keeps young by speculating on what an Edison will announce next. The big man never stays "put." He is a specialist in "firsts," a creator at heart. Like the discoverer, he keeps seeing bigger things ahead—thereby doing bigger things.

Each of us may inspire "firsts" in others. I have in mind two friends of mine in whom I first aroused a desire for reading. I have often been made very happy since when calling at their homes to see the fine collection of books over which they so happily enthuse.

Life is serious enough, no matter how we view it. Let us try to find its flower beds!

And then let us not only thrill at the fragrance of each newfound flower, but let us pluck them from time to time and send them to those who might not come that way. So that the glory of these silent messengers of beauty may bloom anew.

Let's try to distribute what our "firsts" bring to us, as well as to add as many of them as we can to our lives.

THE PEOPLE'S FORUM

MORE ABOUT EVOLUTION.

Garden Grove, Calif.,
Dec. 15, 1920.

Mr. J. P. Baumgartner,
Santa Ana, Calif.

Dear Sir:—

You asked me some time ago, when I presented an article in reply to Mr. Schrock's sermon, that was in part in support of the theory of Evolution, to let the matter drop, as both sides of the question had been presented. I did so, but now that the question has been reopened, I will ask you to publish the enclosed letter. As this man is a man in position to speak with authority on the question, from the scientific standpoint, it should have weight. The letter speaks for itself. Kindly return the letter to me.

Very truly yours,

H. W. LEE.

Pacific Union College, George McCready Price, A. M., Geology and Biology.

St. Helena, California,
December 13, 1920.

Mr. H. W. Lee,
Garden Grove, Calif.

My Dear Mr. Lee:—

Your letter of December 7 has just come to hand, with the enclosure of the letter to the local paper from several teachers in the high school and junior college.

When little boys have to go into some dark place, or into some place regarded as "spooky," they have often been known to whistle loudly in order to keep up their courage. And I think that the widespread propaganda which is now on in favor of the theory of biological evolution and the ape origin of man can best be understood in this light. The advocates of these doctrines are trying to keep up their courage, and if possible to browbeat a few more of that large class who let other people do their thinking for them.

Of course, the theory of evolution has become very popular, so popular, in fact, that the chief argument now used to support it is the alleged fact that "all scholars and educated people have accepted it." But in reality, within the past few years a very different condition of affairs has come about, so that in almost every one of the various departments of thought concerned with the doctrine of evolution the evidence in this department on which the doctrine has been supposed to rest is now known to be either wholly mythical, or misunderstood, or disproved by more recent discoveries. Thus, the various specialists, say in the department of experimental biology, know that Mendelism has completely destroyed all those supposed facts about heredity on which Darwinism was built up; but they suppose that in the other departments, say in paleontology and geology, the general truth of evolution still holds good. But on the other hand, the paleontologist knows that in his department discoveries have been made in recent years that put the old theories in a very different light; and yet he sup-

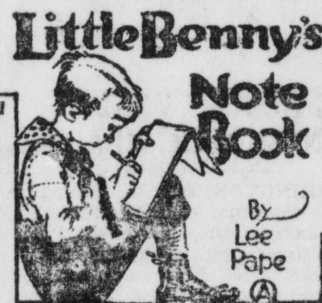

poses that in biology the general doctrine of evolution is proved without a shadow of doubt. And such is the over-specialization in our day that no person is allowed to look at this question in a broad way, by correlating all these recent discoveries together, except he speaks in harmony with what are called the "accepted results of modern scientific teaching."—otherwise he is liable to scientific excommunication, and even the institution with which he may be connected is liable to be ruled out of the number of the elect, the colleges and universities of "reputable standing" don't you know.

For one who wishes to read the latest discoveries along these lines, I would recommend that he read Prof. Thos. Hunt Morgan's "A Critique of the Theory of Evolution," 1916, Princeton Univ. Press. Or any other good modern book on Mendelism will show the utter bankruptcy of the theory of Darwinism as an explanation of how one kind of species can grow or develop into another. Then let him read my "Fundamentals of Geology," and he will see how modern discoveries among the rocks are compelling geologists to revise completely their theories about the ORDER of the fossils in the geological succession. The great areas in Montana and Alberta where the rocks are found in the "wrong" order, some ten thousand square miles in one block, to say nothing of many similar instances elsewhere, where the so-called "oldest" rocks are found in a seemingly perfectly natural way resting upon other rocks classed as almost the "youngest"—these discoveries, with many others which I have not space to mention, are compelling geologists to say that the old theory of the invariable order in which the fossils occur will have to be given up; and that now it looks as if we have to go back to the old doctrine of a universal Deluge to help us out of our difficulties.

Oh, yes; the theory of evolution is very widely believed, and its propagandists loudly claim that every "reputable" scientist is on their side. And those who get their "science" from the Sunday supplements and the popular magazines actually believe these noisy claims. But it is mostly a case of the little boys whistling to keep up their courage. The rest of it is just mental inertia, a keeping up of the old mode of action imparted by a belief in Darwin and Lyle of a half century or more ago, quite unaware that the initial force imparted in this way has ceased long ago, and that they are still continuing on the old momentum.

Let us hope that the high school teachers who signed this letter to the Santa Ana Register will cease to put their faith so implicitly in the panegyrics pronounced around the tomb of Darwin some eleven years ago, and will really inform themselves as to the actual present-day situation in the matters with which they deal.

Yours most sincerely,
GEO. MCCREADY PRICE.

Last Saturday night I was laying on the setting room floor feeling thankful I didn't have to do any less, and pop sed, We sleep too much, that's wats the matter with the human race.

My goodness, you're not mad at the hole race, are you? See ma, and pop sed, I've bin reading a few things that Edison has to say about over-sleeping, and he's rite. We waste half our life in bed and there's no excuse for it. Edison only sleeps about 4 hours a day and look at the wonderfil things he does.

If he's that wonderfil with only 4 hours sleep jest think how wonderfil he would be if he slept his full 8 hours, sed ma.

That's a womans agreement, sed pop, I bleeve I'll try it myself, I dont say I could get along on 4 hours sleeps, but I bet I could on 6.

G, I'll try it with you, pop, lets begin tonite, I sed, and pop sed, Well I wasent counting on beginning immedietly, but its never too erly to start a good thing, suppose you start wit, 7 hours sleep and I'll start with 6 and we'll take a wawk brite and erly before brekfst tomorrow. You go to bed at 9 and I'm pretty tired, I'll be in bed by 10.

Hee hee, sed ma.
Laff on, sed pop.

Wich she did, and I went to bed at 9 o'clock and wen I wook up I herd the setting room clock striking 4, being jest 7 hours and I quick jumped out of bed and went down stairs in my pidjammers to see if pop was awake yet. Wich he wasnt, and I sed, Hay pop, hay pop. Wich about the 10th time I sed it pop opened one eye saying, Heh!

Its 4 o'clock, I sed. And pop opened his other eye, saying, Wat of it? Who said it wasent?
7 hours for me and 6 for you, sint you going to get up and take a wawk like Edison? I sed.

Go back to bed, its dark as pitch, sed pop, and ma opened one eye and sed, Hee hee, and pop shut both eyes and went back to sleep again, and I sed, Go back to bed and didnt get up till 9 o'clock, making 12 hours for me, and pop didnt get up till 11, making 13 for him.

Catarrhal Deafness May Be Overcome

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to a druggist and get ounce of Parment (double strength), and add to it ¼ pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Closed nostrils should be open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any loud hearing or who has Catarrhal Deafness or head noises should give this prescription a trial. ADV.

THE SOCIAL MIRROR

Chicago Visitor Is Honored With Dinner

Mr. and Mrs. Armond Faccou entertained with a 7 o'clock chicken dinner last evening at their home, 1123 West Fourth street, in honor of Mrs. Faccou's cousin, Miss Alice Sedell, of Chicago, who is visiting at the Lykke home.

The dining room was tastefully decorated with roses and poinsettias. Music and social chat made the evening hours pass rapidly and enjoyably.

Those present beside the host and hostess were:

Mr. and Mrs. F. G. Merker, Misses Alice Sedell, Josephine Grochow, Lillian and Nora Lykke, and Andrew Lykke.

Women's Relief Corps.

The regular meeting of the W. R. C. was held at the G. A. R. hall yesterday afternoon, Mrs. Sarah Brown presiding.

Mesdames Hazel M. Hays and Emily Annis were elected to become members of the order. Mesdames Ollie Blackenbaker, Martha Norman and Mamie Gibson, were initiated to full membership. Thirty-seven sick calls were reported. With regret, the visiting committee stated that two of the senior members, Messrs. J. A. W. Faust and G. C. Baker, are quite ill. Mrs. Beren Baker, who is at a Los Angeles hospital, was reported to be rapidly recovering from an operation.

A considerable sum of money was turned over for welfare work to be done by the W. R. C.

Hermosa Chapter Christmas Party.

Hermosa Chapter No. 105, O. E. S., will entertain with a Christmas party in the Masonic Temple at the close of the regular meeting Monday evening.

Santa Claus will be present and will distribute whatever gifts the members may desire to exchange.

Neighbors of Woodcraft.

The local Neighbors of Woodcraft met in the G. A. R. hall last evening, with about twenty members present. Two new members were initiated, and it was voted to have a Dollar Social next month.

Mr. Curtis Chapman, a member of the local lodge, who is ill at the Santa Fe hospital, was reported as doing nicely.

A committee was appointed to provide gifts for the juvenile branch of the Neighbors.

Knights at Banquet.

At the Roma Cafe, Los Angeles, a number of the local Knights of Columbus attended a banquet Wednesday evening, honoring the newly elected Supreme Grand Knight, James Flaherty, who is stopping in Los Angeles for a few days. Those present from the Santa Ana Council were Messrs. Thomas A. Murphy, Cornelius Roelands, Henry Cochems, Martin V. Biggs and the Rev. Father Henry Eummelen.

Missionary Society Meets.

The Missionary Society of the First Congregational church met Wednesday afternoon at the home of Mrs. E. M. Nealley, Tustin. About thirty-five members were present.

Devotions were led by Mrs. C. F. Crose, who had chosen for her subject, "Messages From the Manger." Mrs. Bond read an interesting paper dealing with the work being done for wayward girls in the Schaeffer Home for Girls, Cleveland, O. She gave an interesting sketch of the founder of this home.

The following officers were elected:

President, Mrs. C. F. Crose; vice-president, Mrs. Mary P. Bruner; secretary, Mrs. P. L. Tople; treasurer, Mrs. J. T. Talcott; corresponding secretary, Mrs. Edward Pickering.

Miss Elizabeth Parslow favored the society.

Miss Elizabeth Parslow favored the society with several beautiful piano numbers, and the hostess served delicious coffee and home-made doughnuts.

Gibson's Studio is open Sundays from 10 a. m. till 3 p. m.

"SO BE MY PASSING."

A late lark twitters from the quiet skies.

And from the west, Where the sun, his day's work ended,

Lingers in content, There falls on the old, gray city An influence luminous and serene,

A shining peace. The smoke ascends In a rosy-and-golden haze. The spires

Shine and are changed. In the valley Shadows rise. The lark sings on. The sun,

Closing his benediction, Sinks, and the darkening air Thrills with a sense of the triumphing night—

Night with her train of stars And her great gift of sleep.

So be my passing! My task accomplished and the long day done,

My wages taken, and in my heart Some late lark singing, Let me be gathered to the quiet west,

The sundown splendid and serene, Death.

—William Ernest Henley.

PERSONALS

Mr. and Mrs. Frank Schuyler, Miss Bessie Robb and Miss Marie Mantie, all of Salt Lake City, are here to spend the winter at the home of Mr. and Mrs. J. S. Runyan. They may decide to locate here.

Mrs. George E. Peters went to Los Angeles this morning to remain over tomorrow with her daughter.

Mrs. Joseph Grogan, whose husband died in Santa Ana Tuesday, is accompanying the body to Johnstown, Pa., where interment will be made.

C. C. Storm, 1807 North Spurgeon street, left last night for Denver.

The many friends of Mrs. A. T. O'Rear, wife of the former pastor of the Spurgeon Memorial M. E. church, were glad to learn today that she and her mother, Mrs. Parsons, are rapidly recovering from serious illness, contracted since moving to Oakland. The Rev. O'Rear, who was for five years pastor of the Spurgeon Memorial church here, is now in charge of the Pioneer Memorial church, Oakland.

Mrs. W. H. McMahon, of Reno, Nevada, is the guest of her mother, Mrs. S. E. Littrell, 602 Orange avenue.

Mr. Cleo P. Thomas of Santa Ana, manager of the Anaheim Beef company and family, and Mr. and Mrs. Welt Thomas, of Long Beach, recently were dinner guests of Mr. and Mrs. Charles Thomas, at Seal Beach.

Mr. and Mrs. Jesse C. Hill, who with their two sons, recently arrived from Alvarado, Texas, and who are visiting at the home of Mr. and Mrs. J. S. Hill, 730 Minter street, today motored to Ramona, San Diego county, to spend the holidays at the home of Mrs. Hill's mother, Mrs. Casmer.

Mr. Hill is a brother of J. S. and Sam Hill, and son of L. H. Hill, of this city. Mrs. Hill formerly was Miss Grace Casmer, a teacher at Tustin.

Recent visitors in Santa Ana from La Habra were John Lehm and L. J. Wester, Mr. and Mrs. I. L. Everitt, Mr. and Mrs. O. E. Harpster and Mrs. M. W. Evans.

Miss Vivian Cox, a student at Berkeley, reached home yesterday to spend the holidays with her parents, Mr. and Mrs. A. N. Cox, 1517 North Main street.

Delicious Bitter Sweet Chocolates, 1 lb. for 65c; 1/2 lb. for 35c. Home-made Christmas Mix at 25c per lb.; 5 lbs. for \$1.00 limit of 5 lbs. to one customer. At The Dragon.

Gibson's Studio, 415 North Broad way will take your picture on Sun days from 10 a. m. till 3 p. m.

Second Whist Party Held at Tustin Home

Mrs. Sherman Stevens and Mrs. Horace Stevens were hostesses yesterday at the second delightful whist party given this week at the Tustin home of Mrs. Sherman Stevens.

Lovely pink roses were used as decoration throughout the attractive rooms where whist was played at twelve tables. Crystal baskets of fragrant violets and maidenhair fern, tied with airy bows of lavender tulle, centered the small tables where refreshments were served after the games.

The trophy for high score went to Mrs. Henry T. Duckett, for second score to Miss Minnie Childs, and Mrs. Albert C. Zaiser won the consolation.

In the receiving line with the hostesses were Mrs. M. McMurray and Miss Ruth McMurray of San Francisco, mother and sister of Mrs. Horace Stevens.

Assisting the hostesses were Misses Gertrude Hellis, Louise Tubbs, Ruth McMurray and Mrs. Robert E. Reid.

Silver Shower Given.

The members of the 202 club met Tuesday at the home of Mrs. Hans Wagner, 616 West Fourth street, for a silver shower, honoring Mrs. R. M. Chesnut, recently arrived from San Francisco.

Many pretty gifts were tendered the honoree.

Those present were:

Misses Effie Wylie, Lorraine Roberts, Atleta Marigold, Muriel Cravath, Blanche Hill, Gwendolyn Hoyle, Myrtle Law, Mrs. Dewitt Johnston and Mrs. R. M. Chesnut.

Attend Kappa Sigma Banquet.

Arthur Shaw, C. Roy Browning and Harry Williams were the Santa Anans who attended the annual alumni banquet of the Kappa Sigma fraternity, held last evening at the University Club in Los Angeles.

FRESNO TO FINANCE ITS NATIONAL GUARD

FRESNO, Dec. 17.—Plans to finance the National Guard organization of Fresno, to stimulate interest and induce enlistments were discussed at a luncheon meeting of representatives of five local organizations at the Commercial Club. No method was agreed on, but a plan will be proposed and discussed at a meeting to be held the last of the week. It is proposed to furnish the clubrooms of the National Guard in the army. The first unit of a proposed battalion now is complete. Three other companies are desired, but enlistments are slow. The committee plans to provide splendid equipment for the clubrooms and make it attractive for young men to enlist. At the meeting were representatives from the Commercial Club, the Merchants' Association, the American Legion, Lions' Club and Rotary Club.

KING BLOCKS VOTE ON BUDGET MEASURE

WASHINGTON, Dec. 17.—Demanding an opportunity to have the national budget bill passed over President Wilson's veto, Senator King, Democrat, Utah, blocked a vote on the measure which came to the senate from the house amended to meet the objection raised by President Wilson that it would encroach on the powers of the executive.

"I don't consider there is much merit in the constitutional objection the President made," said Senator King. "Let the bill go over until after the holidays and we may get a two-thirds vote to enact it in the strengthened form."

OBITUARY

Contributed

And the Now and the Then unite— There is no Present and Gone To the vision of spiritual sight, But all is unfolament and power When Eternal day vanquisheth night.

Mrs. Hattie E. Anthony Cole was born in Lima, New York, Feb. 20, 1842, and was reared in Avon, New York, where in 1863 she was married to Edwin M. Cole of Santa Clara, California. By boat and across the isthmus, they came to the then far west in days when five dollars in gold was the small coin of exchange.

In 1874, they removed to Santa Ana where Mr. Cole died in 1906. In 1911 the family removed to Los Angeles, where Mrs. Cole passed away December 14, 1920.

Beside a host of friends, Mrs. Cole leaves to mourn her loss two daughters, Eva Cole of Los Angeles and Mabel Cole of New York City, her son E. A. Cole of San Francisco and her granddaughter Miss Beryl Judd.

A faithful mother, she did not limit her ministrations to her family horizon, but mothered many who were dear to her.

Practical Christianity was her principle of life. She was a charter member of the First Methodist church of Santa Ana of which she was a faithful, active member until 1890 when her health was restored through Christian Science, which faith she studied, and to which she was true to the last.

Her demise was due to a worn out organism, but her faculties were keen and alert to the last, and many are those who have come under her influence in this last less active year of her life and who have been strengthened and helped in their trust in the omnipotence of God.

Again and again she has repeated these lines to help or cheer a troubled heart:

OUR GOD.

"My God is omnipresent, best, Life and Love and Truth and rest. I am the Father's perfect child, Pure and good and undefiled. My heaven is the present hour; For now I use Love's mighty power. We ask, affirm, then wait, and we— Then know the truth and we are free. This truth attunes Life's harp and thus

Tae harmony reflects in us. Naught can disturb, God is my peace. With every breath new joys increase. I am not sick—God is my health; I am not poor—God is my wealth; I am not grieved—God is my joy; Abundant, full without alloy. Since God is all, omniscient, best—I cannot tire; He is my rest. No stay and no support I seek; He is my strength, I am not weak. I am not blind—the holy light Of heaven I see, God is my sight. I need not look beyond the skies For heaven, since it about me lies. And naught save what is pure and fair And beautiful can enter there."

Delicious Bitter Sweet Chocolates, 1 lb. for 65c; 1/2 lb. for 35c. Home-made Christmas Mix at 25c per lb.; 5 lbs. for \$1.00 limit of 5 lbs. to one customer. At The Dragon.

USEFUL AND APPROPRIATE

Christmas Gifts

The Spirit of Christmas is to give; to select that something which will bring to the heart of the recipient a feeling of gratitude and appreciation, not only for the immediate present, but to perpetuate a lasting remembrance.

Eighty per cent of those making Christmas purchases seek for the article that will prove useful or decorative in the home, for that which will best serve the individuality of the one to whom the presentation is made.

Our selections of Lamps, Pottery, Candlesticks, Baskets, Art Wares, etc., is most complete, and may be treasured and enjoyed individually or collectively by all members of the Home.

HUNTS FOR BIRDS AND FINDS CANADIAN BILL

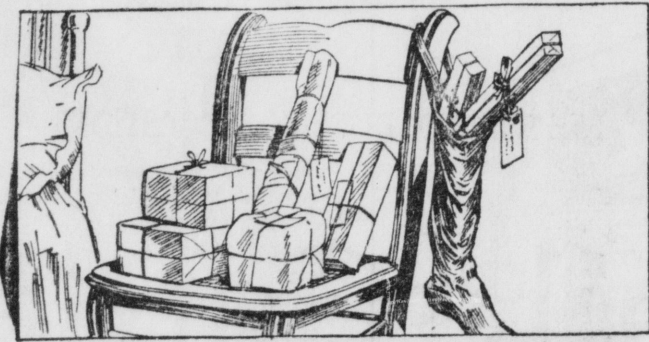

RIVERSIDE, Dec. 17.—Frank Scott, of the A. E. Davis Cigar Company, motored to the foot of Box Springs mountain a few days ago and with his trusty shot gun tramped about the foot of the hills in search of

birds. He almost bagged the limit, which is perfectly all right and nothing out of the ordinary.

But to get down to the real story and tell what made the bird hunt unusual. Mr. Scott took a shot at a bird and saw the fowl fall behind a rock on the side of the hill in a very lonely and infrequently traversed spot. He was certain the bird fell be-

hind the rock. He didn't find it, however, at once, but picked up a Canadian dollar bill near the rock. Where the tender came from is a mystery. It is probable that the bill was lost nearby and was blown there. Perhaps it was dropped there by some hunter. Mr. Scott believes there may be others there and is planning to make another trip to the spot before long.

NEW BANK WILL OPEN DOORS AT 9 TOMORROW

The doors of the American National bank, Santa Ana's newest financial institution, will open for business tomorrow morning.

To-morrow the bank will be open from 9 a. m. to 9 p. m. Beginning Monday morning the bank will keep regular banking hours, 10 a. m. to 3 p. m. Tomorrow is to be reception day at the bank, with a number of extra tellers on hand for receiving accounts.

Mayor J. G. Mitchell, president of the bank, is to be actively engaged in the business, as will the vice president, E. H. Richards. J. E. Bermann is the cashier. Miss Cora Belle Hackler has been appointed book-keeper.

"The bank has 185 stockholders," said Mitchell today. "It is local capital that is in the bank."

MAKING PLANS FOR TOURNAMENT ENTRY

A committee of the Santa Ana Chamber of Commerce is making plans for Santa Ana's entry in the Tournament of Roses parade.

It is proposed to enter a decorated automobile. While all of the details of the scheme for decoration have not been worked out, it has been decided that a feature of the entry will be a beautiful presentation of the Chamber of Commerce's new membership emblem.

The emblem is a triangle with a circle inside it. Words appearing on the emblem are "Santa Ana Chamber of Commerce—Co-operation—Service—Progress."

Just as soon as the committee finds out what kinds of flowers will be needed, a notice will be placed in The Register asking local people to save flowers for use in the decorations.

COW TESTING VALUE IS TOLD DAIRYMEN

The value of cow testing in building up the efficiency of a dairy herd was the principal topic at the meeting of Orange county dairy men at the Garden Grove school house last night. About fifty-five dairymen were present.

C. V. Castle of the United States Department of Agriculture, who has charge of the cow testing work on the entire Pacific coast, gave an interesting talk. He quoted from a list of figures showing the results obtained by cow testing associations in a number of dairy districts in California.

The advice given by the speaker was that dairymen not only have their cows tested but also that they estimate the actual cost of feeding each cow every month. He spoke on the general cost of producing the milk output of the dairy. By testing and by figuring costs, said Castle, dairymen may figure out profit and loss on each cow for any given month. The principal mistake made by dairymen, however, according to Castle, is that they continue their tests for a month or two at a time, when they should continue them for at least a year to get the best results.

Prof. I. C. Voorhies, dairy specialist from the State College of Agriculture, Berkeley, spoke on the subject of feeding the dairy cow for profit. In this connection the matter of feeding concentrated feed was thoroughly discussed. Voorhies advocated the use of but one pound of concentrate to five of milk as a good rule to go by, rather than the ratio of 1 to 3 which is usually followed.

Cheap feeds are not always the most economical, said Professor Voorhies, as they do not usually have a high food value. The subject of silage was also included in the talk by Professor Voorhies, who maintained that Indian corn made the best silage.

Feeding the dry cow was an especially interesting point on which Professor Voorhies spoke. The cow, he said, should be fed as carefully and kept in as good condition when dry as when producing milk.

G. M. Brown of the Burr Dairy of Los Angeles, spoke on the relation of the purebred to the scrub. Pedigree papers do not always guarantee a good producer, according to Brown, who maintained that scrubs are found even among pedigreed stock, although not as often as among common grade cows.

H. E. Wahlberg, county farm advisor, spoke on the need for the cooperation of the dairymen with the Farm Bureau to help that organization solve the big questions that are facing farmers in Orange county at this time.

Refreshments of coffee, sandwiches and apples were served.

TAX LAW CHANGE IS PLANNED IN STATE

A bill is being prepared to be presented to the next session of the legislature to amend the California tax laws and make it possible for people of California cities, now holding their residence in the east to become actual residents of this state. These residents at present hold their legal home in the east because of the tax laws of the state which require the payment of a tax on securities here even when they are taxed at their source.

At 7½ cents per mile, 5 people can travel for less than bus, train or street car fare, not to say anything about the added conveniences and comfort in going and coming when and where others don't go. When taking your next day's outing, remember Copson rents cars without drivers.

FARM BUREAU CHIEFS IN ALL-DAY MEETING IN SANTA ANA TODAY

Progress of the Farm Bureau membership campaign, legislation to be presented at Sacramento, plans looking to the bulk handling of grain in Orange county, and the establishing of a labor department by the bureau were the principal subjects discussed at an all-day meeting of the Farm Bureau directors here today.

The directors adjourned for lunch at James's and continued their session this afternoon.

H. B. Woodrough reported the progress of the membership campaign and urged greater activity in the securing of new members for the Farm Bureau.

YORBA LINDA WATER COMPANY GETS OIL

Oil workers on the property of the Yorba Linda Water company, on the hill near the company's reservoir at Yorba Linda, today resumed the installation of a pump, after having been temporarily halted, late yesterday afternoon, by encountering a temporary flow of oil.

Casing had been put down and everything was in readiness for putting in the pump when the well began flowing at an estimated rate of 300 barrels a day. This flow lasted only two or three hours.

Experts are of the opinion that the well may again start flowing when the pumps have worked a short time. There seems to be little pressure on the oil, however, and opinions differ as to the final results that will be obtained when pumping starts in a few days.

The well is the farthest east of any well in the district.

Estimates vary greatly as to the probable capacity of the well when pumping is started. These estimates range from 25 to 300 barrels a day. Some persons even maintain that a flowing well will be obtained when pumping starts.

'HI' GRIDDERS IN TITLE TILT AT L. B.

LONG BEACH, Dec. 17.—A half holiday was declared and all Long Beach was expected to turn out this afternoon to witness the struggle between their high school hopefuls and Everett High of Washington to decide the Pacific coast prep grid-iron championship.

While there are seats for only 15,000, standing room was expected to hold this figure considerably and permit everyone who desires to view the clash.

Long Beach outweighs Everett about nine pounds to the man but does indicate the teams are about evenly matched and a spectacular tussle was looked for.

A last minute announcement that Henry Le Febvre would not start for Long Beach caused not a little surprise. It was believed the fast half-back undoubtedly would be sent in before the second period began.

Punting was expected to be Everett's trump card. In Wilson the northerners have a punter of no mean ability and Everett boosters promised he would be the source of some worry to the Californians.

A bright sun shone this morning and gave promise of a hot day. Weather conditions were expected to count heavily. Long Beach is accustomed to warm weather, while Everett is in the habit of playing in a chilly atmosphere or in a cold drizzle.

COAST TEAM HEADS IN ANNUAL POW WOW

SACRAMENTO, Dec. 17.—Pacific Coast league club owners, meeting here in their annual pow-wow, were to get down to business today.

The abolition of the waiver rule; abolition of the league sinking fund; a provision that magnates must be responsible for their players both on and off the field and the draft question were the four big subjects to be debated.

Action on these questions was expected to be taken today.

After Bill Lane yesterday announced he would sell the Salt Lake franchise for \$100,000, Ed Maier, Vernon; J. Cal Ewing, Oakland; Qu Morcino, Sacramento, and Judge W. W. McCredie of Portland, all announced they would sell their franchises for that amount.

Ewing told newspaper men that his Oakland club brought in \$30,000 in 1920, but that from 1912 to 1920 it was a losing proposition. Trades will probably be talked over today and announced tomorrow.

Delicious Bitter Sweet Chocolates, 1 lb. for 65c; ½ lb. for 35c. Home-made Christmas Mix at 25c per lb.; 5 lbs. for \$1.00 limit of 5 lbs. to one customer. At The Dragon.

UNVEILS MEMORIAL WREATH TO AMPERE

AMPERE, N. J., Dec. 17.—Celebrating the centenary of the French electrical genius, Andre Marie Ampere, a bronze wreath, suitably inscribed was unveiled here by the

Prince de Bearn et de Chalais, counselor and charge d'affaires of the French embassy. The wreath takes its place alongside the bronze portrait tablet of Ampere unveiled by the French ambassador, J. J. Jusserand, Dec. 4, 1908, in the Ampere railroad station.

The laws of electrical magnetism announced by Ampere in 1820 have

never been refuted and on his scientific principles are built all the electrical dynamos and motors in use throughout the civilized world today. His name is used everywhere to designate the unit of current, just as the name of Ohm, the German, is used as the unit of resistance and that of the Scotchman, Watt, as the unit of power.

FELT SLIPPERS

—the Thoughtful Christmas Gift

A Riot of Beautiful Colorings

Here is a complete collection of beautiful Felt Slippers in a most charming variety of original designs, dainty colorings and new ideas in trimmings. DEMAND JUSTICE FOR AMERICAN CABLE LINES

WASHINGTON, Dec. 17.—Legis-
lation likely to prove of great eco-
nomic and political importance is
prospect as a consequence of the
hearings held this week before the
senate committee to which was en-
trusted the task of considering the
cable situation.

This legislation would be confined
to regulation of cables entering the
United States, but may have an ef-
fect on international, political and
business relations.

The hearings grew out of the con-
troversy between the Western Union
and the government over the West-
ern Union's application for a permit
to land a cable at Miami Beach, Fla.,
connecting with a British cable to
Brazil at Barbados.

The Western Union disputes the
president's power to control cable
landings under license or permits
and claims a right to land under a
law passed in 1866.

The government insists on its right
to lay down conditions precedent to
the landing of the cable.

Senator Kellogg, chairman of the
committee, indicated legislation
would be formulated along these
lines:

1. Definition and clear statement
of the government's power to re-
quire cable companies to obtain per-
mits and to impose conditions before
granting such permits.

2. Authorization of some govern-
mental agency to fix conditions.

3. Authorization of naval radio sta-
tions to transmit press and commer-
cial messages as well as government
business and fixing a low rate for
press.

"The best thing," said Kellogg,
"would be to have an international
agreement for uniform cable land-
ing licenses and rules so that all coun-
tries would accord similar treatment
to foreign cable companies."

Kellogg is of the opinion that the
United States should refuse to let
foreign cables land here unless for-
eign governments give American ca-
ble companies the same chance to
connect with land communication
lines abroad that the foreign com-
panies enjoy here.

This is done now.

THEATER BUSINESS PROSPERING, CLAIM

CHICAGO, Dec. 17.—In ancient
days every king with weighty prob-
lems on his mind had his jester to
crack jokes and play funny antics to
prevent him from worrying.

Today the people rule and their
jester—the real, and reel stage—lift
worry over unemployment and re-
duced wages from their minds.

With industries in all parts of the
country slashing wages and letting
out thousands of workers the theatri-
cal and motion picture business is
at the height of its prosperity with-
out any sign of a let-up, according
to leading movie and theater owners
here.

Every theater in Chicago is en-
joying full houses, according to
Harry J. Powers, veteran theatri-
cal owner. Powers owns a con-
trolling interest and is manager of
five Chicago leading theaters.

Movies are doing a tremendous
business at all prices, according to
motion picture men.

Lou Houseman, who is aiding
David W. Griffith in staging a spec-
tacular production here at \$2 per
seat, said the house is being filled
at every performance.

"The people were educated during
the war to like amusement and now
know what a relief it means to be
entertained in time of trouble," said
Houseman. "I look for continued
prosperity in the movie game."

Lesser priced movie owners also
said they are enjoying a successful
season. Long queues of regular pa-
trons can be found every night at
almost any movie.

ERECT CABINS FOR MOUNTAIN LINEMAN

NEVADA CITY, Cal., Dec. 17.—
Along the line of the Pacific Tele-
phone and Telegraph company and
the Western Union Telegraph com-
pany through the Sierra Nevada a
chain of cabins has been provision-
ed, and one or more expert linemen
will spend the winter in each.

The duty of these men is to keep
the wires open no matter what the
weather conditions, and should they
fail in the task a serious interrup-
tion to communication and news
transmission would ensue.

In fair weather these men have
nothing to do but to keep the cabin
fire burning, but the approach of a
storm is the signal for hours of the
most strenuous exertion.

BOND ISSUE URGED FOR FRESNO SCHOOLS

FRESNO, Dec. 17.—Faced with
overcrowded conditions in a majority
of the buildings, the board of educa-
tion has recommended a city school
bond issue of at least \$1,000,000. Ad-
dition of at least 60 more school-
rooms will be required at once, ac-
cording to Supt. Jerome O. Cross. It
is proposed to build annexes on all
the large school buildings that are
constructed along the unit plan.

NANTUCKET LIGHTSHIP TORN AWAY BY STORM

BOSTON, Dec. 17.—The Nantucket
shoals lightship, leading mark for all
trans-Atlantic shipping making port
at New York, was torn away from its
lonely and important station in a
storm and caused confusion among
vessels that skirted the dangerous
shoals. The mystery of the light-
ship's disappearance was solved
when she put in at New Bedford the
next day.

HE THINKS CONDEMNED ORANGES CAME FROM ORANGE COUNTY GROVE

Oranges badly infected by the pur-
ple scale were seized in Long Beach
yesterday on the municipal market
by Joseph R. Hyans, horticultural
inspector for Los Angeles county,
and Market Master Squire F. DuRee
of Long Beach has cancelled for a
few days the permit of the vendor,
it became known in Santa Ana to-
day. The oranges, in the opinion of
Hyans, were shipped in from Orange
county. He will make a thorough in-
spection of other markets and stands
to see if the fruit has been scattered
through the city.

DuRee has been working for some
time for an ordinance that will ex-
tend his authority to all sources of
produce, receipt and distribution, and
it is believed that his object will be
soon accomplished.

Under the plan as proposed, every
box or bag or basket of fruit or ve-
getables coming into Long Beach
would be subject to rigid inspection
and all vendors would be licensed.

SECURE APPROVAL OF PROPOSED LAWS

Legislation desired by representa-
tives of the county mutual fire in-
surance companies of this state was
given approval Wednesday by State
Insurance Commissioner Al McCabe
and the commissioner's attorney,
Raymond Benjamin, it was stated to-
day by C. W. McNaught, who has re-
turned from a meeting in San Fran-
cisco, where the proposed laws were
presented for approval.

J. D. Musgrove, mayor of Yolo
county, G. W. Ashley of Lodi, San
Joaquin county, Chas. Erickson of
Fresno, legislative committee of the
state association of County Mutual
Fire Insurance companies of Cali-
fornia, and McNaught, who is secre-
tary of the Orange County Farmers'
Mutual Fire Insurance company, met
in San Francisco Tuesday and Wed-
nesday and revised some of the sec-
tions of the County Mutual Fire in-
surance act of 1897, under which the
Orange County Farmers' Mutual Fire
Insurance company is now operating.

Because the Orange County Farmers'
Mutual Fire Insurance company is
known as one of the largest and
best managed mutual companies in
the state, McNaught was asked to
meet with the committee and as-
sist in revising some of the sec-
tions now in force—sections the
cumbersome and do not serve the
purpose for which they were intended.

The committee also blocked out
a bill for an enabling act which, if
it becomes a law, will permit an as-
sociation of county mutual fire in-
surance companies to form a state
central organization, as a strictly re-
insurance company to take care of a
part of the risks now carried wholly
by individual county mutuals or by
co-insurance with adjoining county
mutuals.

The committee went before State
Insurance Commissioner McCabe and
Attorney Benjamin and outlined to
them the proposals for changes in
the act of 1917 and proposals for a
new law. Approval of the proposals
was given by McCabe and Benjamin.

Your friends will enjoy your photo
if it is made at Gibson's, 415 North
Broadway.

POLY TEAM WINS 27 TO 4 FROM REDLANDS

Basketball started with a rush at
the Santa Ana high school court
last night when the local quintet
defeated the fast Redlands team by
a score of 27 to 4.

At no time was the Santa Ana
lead threatened. The Santa Anans
took the lead at the start and in-
creased it all through the game.

Brown started at center for the
locals and proved fast and aggressive
in that position. "Jeff" Cravath, the
scrappy little captain of the local
team, played an excellent game and
was all over the field with the ball
all the time. Cravath and Coffman
at guard made a defensive pair that
had the Redlands team at their
mercy at all times. Critser and Hil-
liard as forwards did the offensive
work that built up the score. Critser
is unusually accurate in his basket
shooting and Hilliard came in for
his share of points.

Santa Ana will have an excellent
chance for the Orange county cham-
pionship this year, according to As-
sistant Coach Kenneth Robbins, men-
tor of the basket ball squad, if the
game yesterday is any sample of
the work the boys are capable.

A return game will probably be
played with the Redlands team Jan.
11 at Redlands. As the Redlands team
plays indoors, the local boys will
probably practice in the gymna-
sium fitted up in the Armory by the
Y. M. C. A.

TEUTONS GIVEN BIG SUM BY RICH JAP

TOKIO, Dec. 17.—A gift of 2,000,000
marks to the German government by
Hajime Hoshi, president of the Ho-
shi Pharmaceutical company of To-
kyo, has been accepted in the name
of the German government by Dr.
Wilhelm Solf, German charge d'aff-
aires at Tokio. The gift will be
used for German medical and chemi-
cal investigations and is based on
the doctor's admiration for German's
contribution to science.

LONG BEACH MAN HEADS CALIF. IOWANS

LONG BEACH, Dec. 17.—J. G.
Spielman of Long Beach has been
elected president of the Iowa Asso-
ciation of Southern California, which
has a membership of more than 200.
000. Judge Charles Crail of Los
Angeles and Col. A. B. Shaw of Si-
erra Madre are the new vice-presi-
dents and Capt. Frank H. Nichols is
treasurer. An annual birthday din-
ner, celebrating Iowa's admission to
the Union, will be held at the City
club, Dec. 28.

SECOND ANNUAL SHORT COURSE FOR TRACTOR, AUTO MEN ANNOUNCED

The Fullerton Union high school
will hold its second annual tractor
and automobile short course January
17 to 22, it was announced today.

The morning and afternoon ses-
sions will be devoted to a study of
the construction, operation and care
of the leading makes of tractors in
the local field. The evenings will be
devoted to the study of the leading
makes of automobiles in this sec-
tion.

The work with the various trac-
tors, trucks and autos will be in
charge of experts.

No charge will be made for the
course, which is open to all adults.
J. M. Alcorn, director of agricul-
ture, Fullerton high school, made
the announcement of the course.

TWO FORDS STOLEN HERE IN TWO HOURS

City police officers today were
making every effort to recover two
Ford cars that were stolen in Santa
Ana yesterday between 7 and 9 p. m.

One of the Fords belongs to Earl
Hopkins, 1129 West Second street. It
was a 1918 model, license number
242-165, and engine number 2598-103.
A kodak was in the car at the time
it was taken. The machine had a
new top with a new glass in the
rear.

The other machine belongs to Mrs.
Sadie M. Davis, of Santa Ana. It
was a 1919 model, license number
130-894, motor number 292,2680. The
top was badly faded. It was taken
from the street between Main and
Sycamore during the owner's attend-
ance at the movies.

The police were also on the look-
out today for a 1920 blue Stutz with
wire wheels which was stolen from
Long Beach last night. The license
number was 278-244, motor number
6478. It had two spotlights on it.
It is the property of A. J. Main,
Rosewood hotel, Long Beach.

BAN ON HIGH HEELS SOUGHT IN BOSTON

BOSTON, Dec. 17.—A ban on high
heels such as never carried puritan
or pilgrim ancestors to church is to
be sought from the legislature by the
Massachusetts Osteopathic society.
Announcement that the society would
introduce a bill to stop the high heel
at its source—the manufacturer—
was made at its nineteenth annual
convention here.

The fad of sucking lollipops also
was attacked.

ALBERTA FACES HOG SHORTAGE FOR YEAR

CALGARY, Alta., Dec. 17.—Owing
to the shortage of hogs in Alberta at
this time, it will be at least a year
before there will be an adequate sup-
ply of bacon for the home market
and the coast trade, while at least
two years must elapse before any
section of export trade can be looked
after. In no line of the live stock
industry is the supply so cut down
as in the case of hogs.

Christmas Specials In Ready To Wear

These are the
Dresses that
sell faster

9 o'clock.

UNION SERVICES ARRANGED FOR PILGRIM DAY

Another event, it was announced today, has been added to the program of Santa Ana's celebration of the three hundredth anniversary of the landing of the Pilgrims. This event is to be a union service on Tuesday morning at 10 o'clock at the United Presbyterian church.

Arrangements for the union service have been made by the Ministerial association. The Rev. P. F. Schrock, pastor of the First Congregational church and chairman of the general committee having in charge Santa Ana's Pilgrim Pageant, is to deliver the address, which will deal with the religious phase of the great adventure of the Pilgrims.

Details of the program for Tuesday morning have not been announced. Music suitable to the occasion will be arranged.

The plan of the Ministerial association is to make the morning service as nearly a community affair as possible, just as the Pilgrim Pageant to be given in the evening will be.

Since the Pilgrims came to America in order to sustain religious freedom of thought and action, the story of the Pilgrims has a particularly strong appeal to church members and church goers. At the same time the services Tuesday morning will be of great interest to those who are not church people.

MAN EXAMINED IN DEATH CASE FREED

Arthur F. Tyler, an ex-soldier who was arrested here last week and taken to Los Angeles later on suspicion of having been implicated in the murder of the woman later discovered to be Mrs. Fay Sudow, was at liberty today, after having been cleared of all suspicion in connection with the crime.

Near the body of Mrs. Sudow was found a suitcase full of Chinese synthetic pearls. Prior to the identification of the body, the police worked on the theory that the suitcase had belonged to the woman, who was thought to have been selling such pearls in Los Angeles previously.

Tyler had served with the 15th Infantry in China and had since been in the employ of the China Mail Steamship company. Los Angeles officers therefore began working on the theory that he might have smuggled in the imitation pearls, and had arranged with the woman to sell them for him, later having a dispute with her during which he killed her.

It was also thought that Tyler and possibly the woman might have had some connection with the "Howard street gang" in San Francisco, some of whose members were recently lynched in Santa Rosa. Tyler had left San Francisco on the day following the lynching.

Although Tyler was given severe grillings both here and in Los Angeles, he did not know that he was under suspicion in connection with the Sudow murder, or that the officers were working on the pearl theory, until he was so informed after his release.

"All I knew," he stated "was that the Los Angeles police told me that if I was guilty of what they had me under suspicion for, I would surely swing."

Reports from San Francisco indicated that Tyler had a clear record there. The vagrancy charge against him was dismissed at the request of the city police.

Following his release yesterday Tyler said that he bore no ill will toward the police. He declared he had been merely a victim of circumstances.

Tyler left for San Diego yesterday afternoon.

METZGAR WANTS LOAN OF SETTER DOG THAT WILL SET FOR CAMERA

J. C. Metzgar, secretary of the Chamber of Commerce, wants to borrow a setter dog.

He wants a dog that will really "set."

Touring Topics, Southern California automobile magazine, plans to run an article concerning sport in Orange county. The magazine has asked Metzgar to provide him with a number of hunting pictures.

Metzgar has secured some fine pictures by Frank Leonard. In the pictures George B. Shattuck, former president of the Chamber of Commerce, is shown in hunting poses. In addition to these, Metzgar wants a picture with a setter pointing out the location of hidden game.

JUDGE URGES SPEED IN S. F. VICE TRIAL

SAN FRANCISCO, Dec. 17.—Promise that the prosecution today would conclude its case against Ed (Spud) Murphy, prize fighter on trial as one of the so-called Howard street vice gangsters, was made before the opening of this morning's session.

Jean Stanley, of Portland, Ore., will be the chief witness today, giving testimony in corroboration of that offered last night by Jessie Montgomery of Reno, Nev., whom Murphy is accused of assaulting.

Miss Montgomery told a story which probably was as repulsive as the human mind could comprehend. She told it with her face hidden from the gaze of the spectators. While Murphy sat sullenly at the defense table beside his wife who seemed nearly overcome with amazement.

Miss Montgomery testified at a night session of court and Judge Ward notified attorneys that he expected to have the case concluded and the verdict in no another trial could be started Monday.

The jury which was completed yesterday afternoon includes two women, both unmarried, who must listen to the sordid details of the testimony. They are Miss Olive Burnett, a stenographer, and Miss Hazel P. Stevenson.

FAIL TO FIND BODY OF MURDER VICTIM

VALE, Ore., Dec. 17.—A comprehensive search for the body of George H. Sweeney, whom George Howard murdered and threw into the Owyhee river, according to his signed confession, has failed to locate the body.

A posse of deputy sheriffs and others has returned to Vale empty handed, after more than a week spent in dragging the river.

Howard has been repeatedly questioned and has persistently held to his original story of beating Sweeney, cramming his still live body into a trunk and then throwing it into the Owyhee river, 20 miles from Vale.

The confessed murderer declared he killed Sweeney in order to obtain the latter's automobile which had been advertised for sale and which was being demonstrated to Howard at the time of the alleged murderous assault.

CANADA RAISES ANTE ASKED OF EMIGRANTS

MONTREAL, Quebec, Dec. 17.—The money test of immigrants of the artisan or laborer class into Canada has now been raised to \$250, and this amount the applicant for entry must be possessed of in addition to full fare to his destination within the country.

When an adult emigrant is accompanied by his family he must have in addition \$125 for each member under 18 years of age and \$50 for each child between the ages of 5 and 18. The new regulations went into effect among the international boundary on the 15th of December and becomes effective at ocean ports on January 1.

YOUTH IN CHECK CASE HELD IN \$1000 BAIL

Frank Melcher, 17, arrested in Santa Ana on a charge of passing bad checks to several local merchants, was today in the county jail in lieu of \$1000 cash bail set by Justice John B. Cox late yesterday afternoon at Melcher's arraignment.

The boy admitted everything as soon as he was arrested, according to City Marshal Sam Jernigan, and gave officers information as to where he had passed other checks. A dispatch from Long Beach today revealed the fact that Melcher passed about \$500 worth of alleged bad paper there.

Melcher came here by stage from Long Beach yesterday. At the Orange County Trust and Savings bank he was given a check book.

He then, it was alleged, made out a number of checks, payable to A. P. Martin, and signed C. H. Cutter. He went to the Hill & Son Hardware company store, bought a number of articles and tendered a check for \$30, saying that he was working for a Long Beach contracting firm which was constructing a house in the outskirts of Santa Ana. He endorsed the check "A. F. Martin." The Hill company, taking it for granted that it was his pay check, cashed it without question, giving him \$27 in change.

Refuses Check
He next went into the F. P. Nickey hardware store, bought a number of articles and tendered another check for \$30. The Nickey company refused it, telling him to go to the bank to get it cashed. While in the Nickey store he left the articles he had bought from the Hill store.

He then went into the Wardrobe, where he bought a shirt and tendered a check for \$40, which was accepted, and the balance given to him in money.

At the McFadden hardware store he asked for the same articles, he had asked for at Hill's and Nickey's. The McFadden company refused his check.

Undaunted, he went down the street, entered the Turner shoe store, which also refused a check for \$30. While there he stuck the package containing the shirt he had bought from the Wardrobe beneath one of the shoe benches.

From the Turner store he went into the Brydon Brothers store, where he bought a pair of gloves, giving a check for \$30, which was accepted and the change given him.

It was at the Toggery that he met his downfall. He bought some articles and tendered a check. H. C. Osborn took it, saying, "If you'll wait just a minute while the articles are being wrapped up, I'll go over to the bank and get this cashed for you."

He went to the bank, which informed him that there was no account under the name in question. Osborn rushed back to his store, to find that the boy had left. He immediately called Officers Ryan and Combs, who were nearby, and the three went to the Crown Stage office. They did not see the boy there, but just as the Long Beach stage pulled in to load, the youth came walking out from back in the garage, and started to enter the bus. He was arrested.

The boy's parents, Mr. and Mrs. William Melcher, of 2149 Atlantic avenue, Long Beach, did not know of the boy's arrest until today, and had not suspected that he had been obtaining money in this fashion. The boy is said to have admitted passing checks in Sacramento, Portland, San Francisco, Long Beach and Santa Ana within the past few months. His parents thought he was driving a machine for some business man who was traveling over the state.

Melcher's preliminary hearing is set for January 13.

Delicious Bitter Sweet Chocolates, 1 lb. for 65c; 1/2 lb. for 35c. Home-made Christmas Mix at 25c per lb.; 5 lbs. for \$1.00 limit of 5 lbs. to one customer. At The Dragon.

Visit Our Gift Nook

If you are seeking a gift for an older girl or a lady you'll find many happy thoughts in our new Gift Nook. (First floor near the elevator.) This is a regular department of our store and will always serve in the capacity of a Gift Department. These are gift things of a unique character—new ideas in vases, dining room, living room, and Boudoir ornaments—all out of the ordinary and all worth the money.

A Host of DOLLS

China Dolls, Cloth Dolls, Composition Dolls, Celluloid Dolls and Wooden Dolls—Dolls at all prices from 10c to \$15.00.

This is indeed a remarkable assortment. Dolls as a rule have been rather high this year but by an advantageous arrangement we are able to offer some values that are quite unusual. We have plenty of good sized dolls with hair and clothes at \$1.00.

We will put any of these things away for you if you wish and we advise early choosing because this stock has been re-ordered three times to fill the demand and is promising to be again depleted soon.

FRESH VIEW OF GOD-UNIVERSE HELD DUE TO EVOLUTION

Four Educators Reply to Sermon Preached by Rev. Kennedy

"BOTH HAVE SAME AIM" Stand Firm on Assertion of Theory's Place in Science

"Science and religion cannot be antagonistic, for they are only two aspects of One Reality, two ways of seeing God in the universe."

"The doctrine of evolution enables us to harmonize science and religion, and see 'things whole.'"

"And thousands of us, who name the name of Christ as sincerely as does Dr. Kennedy and his followers, have through evolution caught a new view of a God-universe, with a new meaning and a new grandeur."

These words, setting forth the beliefs of D. K. Hammond, E. M. Nealley, P. M. Magnusson and J. Russell Bruff, well known Santa Ana educators, appear at the conclusion of a communication received by the Register. This communication was written in answer to the sermon "Evolution Assailed," by Rev. J. G. Kennedy, pastor of the United Presbyterian church, preached in his own pulpit last Sunday morning.

"You are nobly trying to make this a Christian world. We have the same aim." That is the closing message of the educators to Rev. Kennedy.

Reply to Sermon
 The communication follows:
 Editor Register:—We ask the privilege of making reply to the sermon by Dr. Kennedy appearing in Tuesday's Register.

We are sorry that Dr. Kennedy, whose earnest Christian character and service in this community we sincerely respect and admire, finds it necessary to regard us as teachers of atheism. We do not believe that any of the pupils who listen to us day by day in the class room have ever heard anything from us that could be interpreted as atheistic in the remotest degree.

There is a certain ultra-conservative religious propaganda, having a wide-spread influence which seems to exist for the purpose of branding as atheistic and insincere any form of

(Continued on page eleven)

Remsbergs Do Not Look for Harding to Come West This Spring

"There isn't much chance of Senator Harding getting out to see us this winter or spring," said E. E. Remsberg of 1701 North Main street this morning, when he was told that a Los Angeles paper had carried a report saying that a letter had been received by Mrs. Remsberg, sister of Senator Harding, in which Senator Harding said he would be here soon.

"We have no such letter," said Remsberg. "In fact, things now look as though Warren will be unable to come West for months. We have given up hope of arrangements being made so he can come."

"We have letters from another brother, Dr. George A. Harding, Jr., of Columbus, O., in which he said he expects to be here in January. He had hoped to come to California in time to see the University of Ohio football team play at Pasadena on New Year's day. A letter we received from him said that he would be unable to reach here by that time."

GOOD OIL SHOWING FOR WEST WHITTIER

That the West Whittier Oil company has an oil well on its property at Huntington Beach was assured yesterday when the drillers at 2165 feet ran into rich oil sand.

Gas pressure at first threw sand to the top of the derrick. The drillers went a few feet further and got into the strata of oil sand that, according to all of those who have watched the beach field, means the making of a real well.

The West Whittier Oil company has a few stockholders in this county. County Supervisor T. B. Talbert of Huntington Beach is a director in the company. Most of the stock holders are Los Angeles and San Francisco men. The company is also operating at Whittier.

FEARS PUNISHMENT; TRIES TO END LIFE

MARTINEZ, Dec. 17.—Fear of punishment for cutting classes in the Fresno high school, where he was a student, led Chester Duncan, 16 years old, to attempt suicide, he told Probation Officer McMahon here. The boy was taken from a train in an unconscious condition after taking a drug.

SHOWS SMALL PROFIT

CALGARY, Alberta, Dec. 17.—At the opening session of the annual meeting of the United Grain Growers, Limited, Hon. T. A. Crerar announced that the combined profits of the company and subsidiary companies which it owns, totalled \$699,770.14, which was earned on a business turnover of \$113,000,000, representing a little more than one-half of 1 per cent upon the turnover.

BANQUET GIVEN IN HONOR OF L. A. WEST

County Officials, Friends Show Appreciation of His Public Service

To show their appreciation of his public service and as a mark of their high regard for him, thirty county officials, former county officials and other friends of District Attorney L. A. West gave a banquet in his honor at James' cafe last night. The occasion was brought about by the fact that West has resigned as district attorney and is to leave the office on January 3.

The good fellowship and good nature that always makes a dinner at which friends of long standing are gathered featured last evening's affair. Conversation at the table and in the informal addresses that followed ran to reminiscences of a humorous nature, and there was many a good laugh over incidents that in times gone by caused merriment, as well as over incidents that at the time of occurrence looked serious.

Many tributes of respect and admiration for the work that has been done by L. A. West while in office, and many tributes to his character as a man, were paid last evening.

Practical Question
 "Orange county's people ought to be, and I believe are, intensely proud of the record made in the county's official life," said Superior Judge Z. B. West. "Ever since the county was organized the county has been blessed in maintaining a high standard of official personnel. There has never been an indictment of a county official. There has never been an embezzlement. More than that, there has never been even a suspicion of crookedness among the county's officials. I don't believe there is an official in the state that today has as fine a personnel of men in its county offices as has this county."

"The resignation of District Attorney West brings this county face to face with a practical question. That question concerns salaries of its county officials. The fact that the district attorney out of justice to himself has been compelled to resign because the office does not furnish him with a living calls for consideration. Instead of \$2500 a year, that office should pay \$4500. If the people of this county were to vote today upon whether L. A. West should be paid \$4500 a year or leave the office, they would vote in favor of paying him \$4500."

This was but one of a number of serious points discussed during the evening.

First Case Here
 Two other judges were called on by the toastmaster, T. E. Stephenson. First, was Superior Judge R. Y. Williams, who delighted his hear-

(Continued on page ten)

PROPOSED LAWS OUTLINED FOR LEGISLATORS

Mrs. A. J. Lawton States New Community Property Bill Is Coming

Numerous measures of legislation that are to be proposed to the next legislature for passage were briefly discussed at a meeting of Southern California legislators at the Los Angeles Chamber of Commerce yesterday. The discussion concerned a wide range of subjects, including irrigation, agriculture, community property, state hospitals, chiropractors and cattle and meat inspection.

State Senator-elect Walter Eden of Santa Ana, and Assemblyman-elect William O. Hart of Orange attended the meeting. Nearly all of the legislators of Southern California were present.

Among those who appeared before the legislators was Mrs. A. J. Lawton of Santa Ana, chairman of the Woman's Legislative council of the State Federation of Women's clubs. Mrs. Lawton said that a revised community property law would be presented to the legislature through her council. Some of the features appearing in the law defeated in November will be altered.

C. A. Barlow of Bakersfield, president of the California Irrigation committee, which is backing the proposal to divert the waters of the Sacramento river into huge canals, for irrigation purposes, said that the legislature would be asked to appropriate money thoroughly to investigate the plan, known as the Marshall plan. He said that the project includes the construction of a tunnel to bring a portion of the water to Southern California.

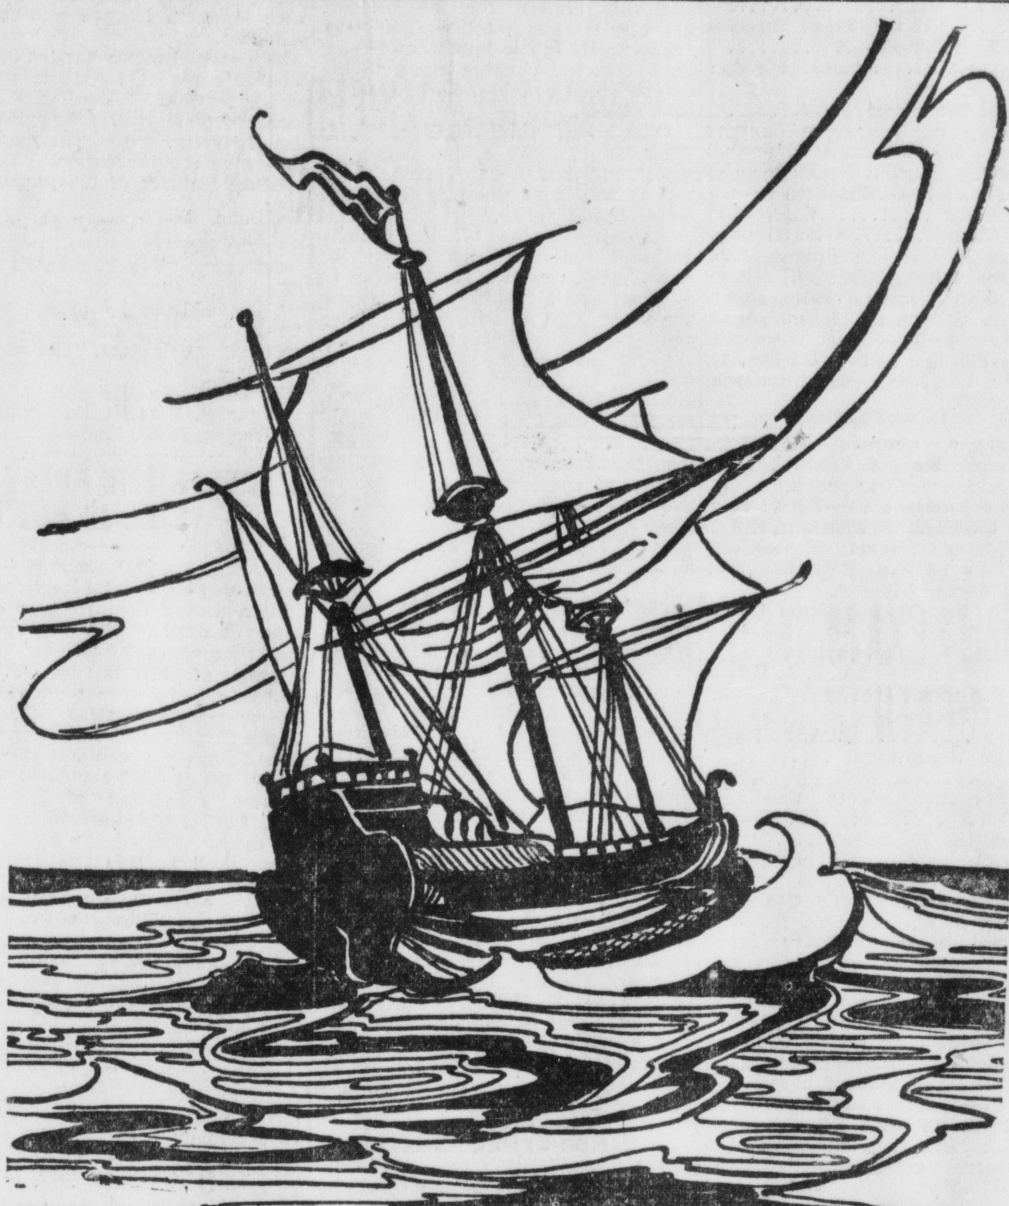

"The meeting yesterday," said Hart, "did not commit any of us to any of the matters discussed. The meeting was informative. Those interested in a specific matter were given fifteen minutes to present their argument. A schedule had been arranged, and the entire day was devoted to hearing one matter after another."

WANTS FOOD CONTROL AS PERMANENT LAW

WASHINGTON, Dec. 17.—Recommendation that sections of the Food Control Act be made a permanent law to prevent hoarding of foods, fuel, clothing and building material, were made by the Federal Trade Commission, in a report of its inquiry made by direction of Congress into the recent sugar situation.

The commission said that the marked advance in sugar prices late in 1919 and early this year could have been prevented in part by a continuation of government control until more stable trade conditions had been reached.

GIRL DRAWS PICTURE OF CRAFT UPON WHICH PILGRIMS SAILED

This idealized picture of "The Mayflower" is reproduced from a drawing made by Miss Frances Egge, a senior of the Santa Ana high school. This drawing is reproduced on the cover of the Pilgrim Pageant book, which has been issued by the pageant committee and which contains the full program of the pageant.

COUNTY SCHOOLS END SESSIONS TILL JAN. 3.

Public schools throughout Orange county closed today for the Christmas holidays.

The vacation period will last for one week before and one week after Christmas. Schools will reopen January 3. During the first week the teachers will be expected to attend institute. Many plan to attend the sessions to be held in Long Beach and some will go to Los Angeles. Orange county is uniting with Los Angeles county in the institute this year.

After the institute, which will be in session Monday, Tuesday and Wednesday, many of the teachers will attend the California Teachers' association sessions, which will be held from Wednesday night until Friday afternoon.

Many of the school children of the county will work during the Christmas vacation. Some of them will work during the week preceding Christmas to get money for presents.

Christmas programs in Santa Ana schools were not extensive. In the primary grades and kindergartens, special exercises were held, the Christmas spirit being emphasized. Exercises of a nature pertaining to the holidays were held at the Junior high school. Junior college people also had planned to have a Christmas program.

High school exercises yesterday honored the landing of the Pilgrims but no exercises of a Christmas nature were held by the high school at large, although several classes had appropriate exercises.

MINISTER'S SON IS VICTIM OR MURDERER

WHITESBURG, Ky., Dec. 17.—Emory Webb, 24 years old, a son of Charles Webb, a minister of Mill Creek near Mayking, five miles from here, who was shot by Bronson Waddell, died at his home as a result of his wounds. Waddell was rushed to the Hazard jail for safekeeping. He will be tried at the coming January term of the circuit court.

Waddell came to this section from Greensboro, N. C., several years ago. The dead man leaves a father and mother and several brothers and sisters.

KEEPS LIGHT AGLOW FOR MINERS IN WAR

PITTSBURGH, Pa., Dec. 17.—On a hillside overlooking the Monongahela river in the heart of the coal fields near Pittsburgh, two lights illuminating the honor roll of miners of that district who participated in the World War are burning every night, and have been burning since the tablet was erected more than a year ago.

The expense of the illumination is borne by John Richardson, a loader at the Sunnyside mine. Richardson had no near relative in the war, and is doing this, it is said, as a mere matter of patriotism.

PAGEANT TICKETS ON SALE AT STEIN STORE

Those who want to attend the Pilgrim Pageant next Tuesday evening, December 21, may buy tickets at Sam Stein's store on West Fourth street.

The price is twenty-five cents for an adult and fifteen cents for a child 12 years of age or under. One ticket will admit the holder to the six episodes.

Those who have bought tickets from individual solicitors should go to Stein's store and exchange them for the tickets that will admit them to the pageants. By paying the price at Stein's store, tickets can be secured there.

CHICAGOANS REJOICE OVER DRY LOOPHOLE

CHICAGO, Dec. 17.—Liquor sellers are rejoicing over the first serious blow dealt Federal Judge Landis and the prohibition authorities of the state, county and city in their efforts to clean the city of the illegal booze traders.

Judge Samuel Alschuler dealt the blow when he issued an order releasing "Jack" Galligan on \$2500 bond an hour after Judge Landis had sentenced him to a year in prison for violation of a federal injunction. As a result, the drive against the liquor dealers will openly flaunt the federal, state and city laws has lost much of its momentum.

The action by Judge Alschuler in directly offsets 108 cases now pending under the injunction clause of the Volstead Act. In these cases, if the defendant is found guilty, the presiding judge can order his place closed for a year. But he can immediately reopen and be taken back into court on a contempt charge. He can be sentenced to a year in prison, but can cut off six months of this by appealing and putting up a \$2500 bond. With business flourishing as it is in the illicit booze industry, he can earn this bond in two or three days. It believes it has found a big loophole in the Volstead Act.

U. S. COLLEGES NOW TEACH CZECH TONGUE

NEW YORK, Dec. 17.—Columbia university has recently received a gift of \$250 from the government of Czechoslovakia for the purpose of maintaining instruction in Czech for the year 1920-1921.

Five institutions of higher learning in the United States are at present offering instruction in the Czech language. They are Columbia, Oberlin and the Universities of Nebraska, Texas and California.

DOOMED MAN SEEKS STATE BONUS SHARE

OSSINING, N. Y., Dec. 17.—Awaiting his execution in the death house at Sing Sing, James Odell, a former navy man, under sentence for complicity in the murder of Edward Kneip in Rochester, still was interested in possible benefits from the New York soldier bonus legislation authorized at the recent elections.

He asked an attendant to ascertain when the bonus funds are to be distributed.

Christmas Candies—25c lb. "Ye Old Fashioned Chocolate" 40c lb. at the Lion Kandy Kitchen, 211 W. 4th.

LEGISLATORS TO MEET COUNTY'S GRAND JURY

State Senator-elect Walter Eden and Assemblyman-elect William O. Hart received citations to appear before the grand jury this afternoon. While the citations did not so state it was understood that the grand jury desired to have a conference with the legislators in relation to a new county government bill.

Under the state law, a grand jury is privileged to make an investigation into the salaries being paid county officers and to recommend whatever changes it sees fit. Hitherto, grand juries have paid little attention to the salary question in this county.

The resignation of District Attorney L. A. West has been a factor in bringing the question of county salaries to the minds of grand jurors. It was stated at the courthouse that some of the grand jurors have commented upon the fact that while the cost of living has advanced considerably, during the past two years, salaries of elective county officers have stood still.

The county government bill that was passed by the last legislature arranged for advances in salaries of a number of county officers. However, those advanced cannot take effect during the terms of present county officers.

GETS WHISKEY INSTEAD OF BEER, KILLS TWO

PASSAIC, N. J., Dec. 17.—Refused a drink of whiskey and given a glass of "near beer" instead, a patron of a saloon here became enraged and "shot up" the place, killing two customers and seriously wounding the proprietor.

The customers who were killed were Anthony Gronitz and Andrew Barensky. The proprietor of the saloon who was seriously wounded was Frank Mokowsky.

A man giving his name as Stephen Paduch was arrested and identified by Mokowsky as the man who did the shooting.

Spencer Corset, 801 Spurgeon St.

(Continued on Page Ten)

PROMINENT S. A. CITIZENS WILL TAKE PART IN BIG PILGRIM SPECTACLE

Names of Those Who Are to Portray Characters Announced

250 WILL PARTICIPATE

Pastors, Singers, Bankers, Business Men, Children on Program

Never before in the history of Santa Ana has a community affair called into costume as many well known citizens as has the big Pilgrim Pageant, to be given Tuesday evening.

At least 250 persons will take part in the spectacle, it is estimated, and among them will be found pastors, singers, politicians, bankers, school teachers, business men, housewives, school children.

Dozens of citizens have taken time from their professions and occupations to have a part in this great celebration in memory of the arrival of the Pilgrims, those stalwart folk who braved the terrors of an unknown land that they might be free from tyranny and that the things for which they stood might live.

The names of those who will take part in the presentation of the six episodes that comprise the pageant became available today.

The list follows:

Episode I.

"Pilgrims in Holland"—Presented by First M. E. Church, Richmond Avenue M. E. Church, Spurgeon Memorial M. E. Church.

CATTLE SHIPMENTS CLIMB

MOOSE JAW, Sas., Dec. 17.—The Saskatchewan Co-operative Stock

Yards here are having a busy season. For the first three weeks of

November the receipts of cattle have exceeded the whole of October. During

the three-week period 996 cars were received, containing 21,631,963

hogs, 3,818 sheep and 852 horses.

DIES AT AGE OF 102.

HOLLISTER, Dec. 17.—Mrs. Mas-

sena Ybarra, said to have been 102

years old, died at the County hospital here. Her husband, 99 years

old, survives her.

WOULD BAR POTATO IMPORTS.

WASHINGTON, Dec. 17.—A one-

year embargo on imports of potatoes

is proposed in a bill introduced by Representative Hersey, Republican,

of Maine.

Masonic Bldg., Opposite Library

BANQUET GIVEN IN HONOR OF L. A. WEST

(Continued from page nine)

ers with a recital of L. A. West's first appearance in a trial in this county. In that case West and Williams defended a Mexican accused of stabbing another Mexican. There were five witnesses against the man, and only himself for the defense, but the Mexican, telling his story dramatically to the jury, showed how his enemy was choking him until his tongue stuck out, how he stabbed in self-defense.

"You know," said Williams, "L. A. West would make a fine movie director, for that piece of movie work was so well done the jury found the Mexican not guilty."

Appellate Judge W. H. Thomas declared that the high quality of conscientious service rendered by L. A. West and his ability as a lawyer among district attorneys of the state.

Other speakers during the evening were T. B. Talbert, who spoke for supervisors, State Senator-elect Walter Eden; speaking for former deputies under L. A. West, A. P. Nelson, who has been appointed district attorney to succeed West, Justice of the Peace J. B. Cox, Attorney A. E. Koepsel, James Sleeper, C. E. Jackson, W. B. Williams and Attorney H. J. Forgy.

Those attending

"Those present at the dinner last evening were District Attorney L. A. West, Attorneys A. E. Koepsel, C. D. Swanner, J. C. Burke and H. J. Forgy; Supervisors T. B. Talbert, William Schumacher, E. H. Finley, H. A. Wassum and N. T. Edwards; Jasper Leck, H. E. Smith and F. W. Struck, former supervisors; State Senator-elect Walter Eden, Assemblyman-elect William O. Hart, Superior Judges Z. B. West and R. Y. Williams, Appellate Judge W. H. Thomas, County Clerk J. M. Backs, County Auditor W. C. Jerome, County Tax Collector J. C. Lamb, County Engineer J. L. McBride, Sheriff C. E. Jackson, County Assessor James Sleeper, County Hospital Superintendent H. E. Zaiser, County Purchasing Agent F. W. Slabaugh, Justice of the Peace J. B. Cox, District Attorney-elect A. P. Nelson, W. B. Williams, former county clerk, and T. E. Stephenson.

ABANDON FUEL BURNERS

MONTREAL, Que., Dec. 17.—The oil-burning engines of the Canadian Pacific Railway, the Canadian Rockies are now being converted to use coal instead of oil. It is expected that by the first of 1921 all engines running west from Field, British Columbia, to Vancouver will burn coal instead of oil. The Canadian Pacific steamers in the British Columbia coast service will also be converted into coal burners. This is due to a shortage of fuel oil.

BREAD PRICES DROP.

PITTSBURGH, Dec. 17.—An average cut of 1½ cents in the price of a loaf of bread was announced by a majority of the wholesale bakers here. Under the new prices, standard loaves will be sold for 10 and 15 cents.

SPURGEON MEMORIAL MUSIC SERVICE, PLAN

Special Christmas musical services will be held at the Spurgeon Memorial M. E. church Sunday evening. A cantata suitable to the Christmas season, "The Nativity," will be given under the direction of James Nuckolls, director of music in the church.

The regular preaching service will be omitted and in its stead the pastor, the Rev. J. A. Wallis, will give a brief talk on music. The cantata will be the feature of the evening.

In the morning will be held the usual preaching service, beginning at 11 o'clock. The sermon topic will be, "Dynamics of the Gospel."

The evening program will start with Epworth League services at 6 o'clock.

The special music service is scheduled to begin at 7 o'clock, with the prelude, "Gloria," Twelfth Mass, by Mozart. Then will follow the singing of Hymn No. 106. The pastor will then give the invocation.

Other features of the program follow:

Anthem, "Te Deum," (Schnecker), Psalm No. 148.

Offertory, "The Shepherd's Song," (Merkel).

Short address by pastor, subject, "Music."

Christmas Cantata, "The Nativity," by Adam Geibel.

Benediction and doxology.

Organist, Miss Hester Covington.

Director, James Nuckolls.

GOVERNMENT PRINT BILL IS BIG ITEM

WASHINGTON, Dec. 17.—The printing of the Official Register of the United States, the directory of Government officials and employees popularly known as the "Blue Book," the issuance of which is required by law, probably costs more than any other Government publication. The report of the Division of Publications of the Department of Commerce shows that an edition of 3,251 copies of the 1919 volume, consisting of 1,704 pages, cost \$35,715.33, approximately \$11 per copy. The charge for the paper stock used in this publication was \$2,320.66.

The printing bill for all publications issued by the Department of Commerce during the fiscal year 1920 was \$425,370.75. These figures represent the cost of 975 miscellaneous reports and various issues of periodical publications. The free distribution of publications issued by that Department has been greatly curtailed, and as a result the receipts through sales by the Superintendent of Documents and other agencies have increased from \$53,080.98 in 1918 to \$56,677.47 in 1920.

Rumford Baking Powder, ½ lb.	15c
Storage Eggs, per doz.	65c

S. W. Sutton Co., Prop.

NEW EVOLUTION STATEMENT BY EDUCATORS

(Continued from page nine)

religious thinking that differs from its own rigid creed. This movement is zealously engaged in "heresy hunting," and its efforts are particularly directed against evolution.

It is just this kind of theological propaganda that Dr. Shailer Matthews of Chicago had in mind in a passage found in his book "The Churches and the Changing Order." Dr. Matthews about four years ago was president of the "Federal Council of the Church of Christ America."

This Federal Council is made up of thirty-one of the leading religious denominations, including the United Presbyterian denomination. Dr. Matthews is a well known lecturer and author and two years ago spoke at the Teachers' Institute at Anaheim.

Quotes Dr. Matthews
 He says on page 26 of the book cited:

"Certain religious teachers are devoting themselves to a continuous attack upon evolution as one of the great enemies of Christianity and as a part of their campaign are spreading abroad the statement that it has collapsed. The effect of such propaganda is easily imagined. The scientists to whom the general evolutionary hypothesis has become all but an axiom, not only laugh at the statements of these zealots, but find themselves perplexed when judging their motives and standards of veracity. As a consequence, there is an alarming danger that the church will have small influence upon lines of thought which are formative in today's civilization. It is in danger of losing its grip on the educated classes."

Now we do not mean to apply this quotation to Dr. Kennedy, but we do believe he has been misled by the propaganda literature Dr. Matthews refers to.

The larger part of the extracts given by Dr. Kennedy are from writers long dead such as Tyndall, Huxley, Kelvin, Virchow, Etheridge, Beal, et al. The quotation from Virchow, so often made to do duty, was made in 1878. These are not in the least representative for today.

Darwin never expressed a doubt as to the theory of descent. He never recanted on his death bed. Neither Spencer nor Huxley ever expressed a doubt as to the theory of descent. They did express many doubts about various explanatory factors. So have all evolutionists ever since. Right here is the source of confusion in the bulk of these anti-evolution statements. This confusion is clearly pointed out by Prof. John M. Coulter, professor of Botany, University of Chicago, as follows:

Coulter's Statement
 "The fact of organic evolution is no longer debated by biologists. The discussions among biologists have arisen in reference to the proposed explanations of evolution. These discussions have confused outsiders, because they imagine that the fact of evolution is being discussed rather than some explanation of it. For example, there is a wide impression that Darwin is the author of the theory of evolution, and when it is known that Darwinism is being attacked by biologists, the inference is that if natural selection goes, evolution goes. Every proposed explanation may be proved inadequate, and still evolution remains to be explained."

Dr. Kennedy flatly challenges our statement that "All the universities and colleges of the United States of reputable standing teach the doctrine of evolution as a fact."

We challenge the Doctor to name a single university or college where the doctrine of special creation is taught in this country.

We challenge him to name a single text-book written or published by any biologist since 1900 that in the least degree notices the old doctrine of special creation.

Will Dr. Kennedy accept the challenge?

Concerning Britannica
 Dr. Kennedy complains that articles in the Encyclopaedia Britannica are written by scientists. Who should write them if not the scientists? If we want knowledge of the law, shall we not go to a lawyer? If we want knowledge of medicine, shall we not go to the physician? of anatomy, to the biologist; of an automobile, to a garage man?

If the Encyclopaedia Britannica is so trustworthy in its statements of facts, does Dr. Kennedy believe that the Britannica should be abolished from our public and school libraries?

He also complains that Darwin celebrations count for nothing.

We would like to ask Dr. Kennedy whether he considers that great religious gatherings count for anything? For example, does a national conference of his own denomination, count for anything as a source of information to the beliefs and policies of the U. P. church?

We cannot conceive of a more authoritative source of information as to what scientists themselves believe to be settled, than the great international gathering at Cambridge where representatives were present from 235 universities and learned bodies and scientific societies of the world. We still think there is "something in it." Especially in view of the fact that there were three notable gatherings of scientists that year, all expressing the same conclusion as to the standing of the doctrine of evolution.

In this connection, it might be well to repeat that the sole question we teachers are debating is the standing of the doctrine among the workers in science. We do not feel called upon to debate the merits of a doctrine that the men of science are no longer debating.

What LeConte Says
 We unqualifiedly accept LeConte's definition of evolution, viz., a "process of change, according to certain laws, by means of resident forces." It is admitted to be as succinct a definition as has ever been framed. But why didn't Dr. Kennedy read a bit further and give us this?

"It is evident that if evolution be materialistic, then is gravitation

materialistic; then is every law of nature materialistic. Page 277. The issue (let us look it squarely in the face) is: Either God is more closely related to nature and operates it in a more direct way than we have recently been accustomed to think, or else (mark the alternative) nature operates itself and needs no God at all. There is no middle ground tenable. The old idea was the direct agency of God in every event and phenomena of nature, a view nobly expressed in the Hebrew and Christian scriptures. But now comes science and explains all these phenomena by natural laws and resident forces, and we all accept her explanation. Thus one by one the operations of nature are explained by the operation of resident forces by natural laws, until the whole course of nature has been explained. This is a frank return to the old idea of divine agency, but in a new, more rational, less anthropomorphic form." Page 282.

And as supplementary to this general concept of God as an immanent sustaining "resident" power, we cite Fiske's "The Idea of God," page 144-145. Fiske concludes that evolution is a recognition of the "eternal God in whom we live and move and have our being."

We are constrained at this point to paraphrase Patrick Henry and say: "If this be atheism, make the most of it!"

We submit that when Dr. Kennedy gave LeConte's definition of evolution, he should have accompanied it with LeConte's theistic interpretation of it.

About Other Points
 In reference to the comments made about the phenomenon of radioactivity, which tacitly admit, "devolution, or retrogressive, disintegrating change," we would say that evolution means change including both progressive and retrogressive phases. Therefore pointing out devolution, Dr. Kennedy has acknowledged the functioning of one phase of this universal process. Ever since Spencer this two-fold character has been accepted. Evolution includes all portions of the universe and should not be thought of as limited to organic evolution. At present we are witnessing rapid strides of progressive social evolution. What man today would prefer to go back to the social condition of even 100 years ago!

As to the evidence from geology, only garbled statements can make it appear that this line of evidence is against the theory of descent. For confirmation of this we cite such a book as Osborn's "The Origin of the Species." Osborn is an authority universally recognized.

We confess to being somewhat amused when we found that discussions about Mendelism and acquired characters, etc., in the field of experimental evolution were being used as arguments against the theory of descent. Researches in this field have done more to clinch the general doctrine of evolution in the period since 1900 than any other single line of development.

Dr. Kennedy refers to DeVries. The quotation is probably correct, but the author's use of it as an argument against evolution is only another instance of a theory of descent and evolution as a whole. Practically all evolutionists today accept the Weismannian theory of the non-inheritance of acquired characters. But it is never thought of as an argument against the theory of descent.

Confirms Descent
 Mendel's law is taken as a confirmation of descent, never as furnishing any evidence against it. Not one of the quotations given by Dr. Kennedy under this head of experimental evolution has any bearing on the general law of descent.

DeVries is often put on the witness stand against evolution. DeVries is an excellent witness indeed! He was one of the speakers at the great Darwin celebration at Cambridge in 1909. He says: "Some authors have tried to show that the theory of mutation is opposed to Darwin's views. But this is erroneous. On the contrary it is in full harmony with the great principle laid down by Darwin." (Darwin and Modern Science, Page 73).

To show how utterly unfounded is the attempt to use experimental evolution as evidence against evolution, we cite Prof. Davenport, head of the Department of Experimental Evolution of the Carnegie Institute at Washington. "Surge," in experimental evolution, he as head of the biggest laboratory in the world ought to be aware of it. He says in reply to a questionnaire: "I do not see the

necessity of fifty or a hundred words when all I can say on the matter can be expressed in a sentence: I do not know a modern scientific man who does not believe in evolution." (The Biblical World February 1913, page 50).

"Not a modern scientific man who does not believe in evolution!" And this, of course, includes all the vast number of scientists engaged in experimental evolution.

Bateson's Attitude
 The same comment may be made in regard to Bateson. Bateson as president of the great celebration gathering at Cambridge is rather a poor witness to bring on against evolution. Nothing that Bateson has ever said can be construed as an argument against the theory of descent. For confirmation as this see his presidential address as head of the British Society for the Advancement of Science, printed in "Science" Aug. 28 and Sept. 4, 1914. Or see Bateson's book "Mendel's Principles of Heredity" 1913. And in general on this question of the bearing of experimental evolution on the theory of descent, see "Heredity and Eugenics," by Castle, Coulter, Davenport, East and Tower. 1913. These writers are leaders in this line of research. Not a note occurs anywhere in this literature tending to discredit the doctrine of descent.

One more quotation: Jacques Loeb, of the Rockefeller Institute for Medical Research, New York. (Another prominent worker in experimental evolution) says: "Modern science believes more firmly than ever in evolution. Less is today written on the subject than formerly because modern biologists find it more profitable to experiment than to argue. Two essential groups of data have been added since the days of Darwin, as the result of experimental work: First it was shown through a blood reaction, which was discovered in connection with work on immunity, that a close blood relationship exists between man and anthropoid apes. Second: Breeding experiments by Mendelian methods have established the fact of the independent disappearance and possibly also the appearance of hereditary factors for unit characters in the germ." (Biblical World, Feb. 1913, page 79).

Little is Quoted
 Frank R. Little, professor of embryology, University of Chicago, says: "I feel pretty impatient over the statements of certain religious teachers that evolution has collapsed. It seems such a manifest evidence of the 'will to believe.' Evolution is the foundation of all our biological work, and the evidences of it grow more cogent as the years pass, instead of less. The preachers in question take advantages of differences in opinion among recent investigators concerning the method of evolution. Opinion in reference to this matter is in a state of flux, and this is always a hopeful condition in scientific work because it means an abundance of research. I am not acquainted with any biologist of standing who does not regard the principle of evolution as the foundation of biology." (Biblical World, Feb. 1913, page 79).

In the opening of his sermon Dr. Kennedy said this: "They (the teachers) assert that 'all men of science subscribe to this doctrine.' This statement is absolutely inexcusable, for they must have known it is not true."

Yes, Dr. Kennedy, we did make that assertion, and we re-assert that statement, and we offer the foregoing material in further confirmation of the truth of our assertion. And we offer a whole library if it is desired.

Allow us to say in conclusion: Evolution explains nothing. It is something to be explained. It is the way things of this universe come to be what they are. It has nothing to do with origins, with destiny, with ultimate reality. We are quite content to say that the ultimate explanation of this way of evolution is God. And we say this to our pupils.

Yet we are told we are atheists! Science and religion cannot be antagonistic, for they are only two aspects of One Reality, two ways of seeing God in the universe. The doctrine of evolution enables us to harmonize science and religion, and see "things whole." And thousands of us, who name the name of Christ as sincerely as do Dr. Kennedy and his followers, have through evolution caught a new view of a God-universe, with a new meaning and a new grandeur.

Dr. Kennedy, we are sorry that you think of us as atheists. You are nobly trying to make this a Chris-

tian world. We have the same aim. We would like to work with you in this common endeavor.

GERMANS PLEAD FOR MERCY FROM ALLIES

BRUSSELS, Dec. 17.—Economic experts of five of the principal Allied powers and Germany met here in the first of a series of meetings to determine what Germany must pay for war reparations. Delegates from the Allied nations appeared hopeful that the session, which will last probably a week or ten days, would be fruitful of results.

The German representatives gave an impression of being on the defensive.

The first meeting was called to order with former Premier Delaunay of Belgium presiding. The morning session was occupied with a depiction by Herr Schroeder, German undersecretary of finance, of Germany's dark economic outlook. He said he hoped the Allies would not "put the knife to Germany's throat."

Free—A \$60.00 Royal Cleaner will be given away at our opening next Saturday, the 18th. Every housewife in Orange County has an equal chance to win this wonderful cleaner. See instructions in this issue. Granger Electric Co., 308 West 4th St.

THE first thing you want in foods—and the all important thing is purity. Cost—taste—everything else is of minor consideration.

Foods should be nourishing. That's what they are for—to build up strong, sturdy bodies.

Calumet Baking Powder is pure in the can. It is made in the largest, cleanest, most modern Baking Powder Factories on earth—only of such ingredients as have been officially endorsed by United States Food Authorities.

KEEP your baking costs down

HERE'S THE BEST WAY → **USE CALUMET BAKING POWDER**

BEST BY TEST

It's pure in the baking. Calumet never fails to produce the sweetest and most palatable of nourishing foods.

It has more than the ordinary leavening strength. You use less of it. That's one reason it is the most economical of all leaveners.

Another reason is—it is sold at a moderate price—you save when you buy it.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Waffle Recipe
 2¼ cups sifted pastry flour, 3 level teaspoons Calumet Baking Powder, ½ teaspoon salt, 1½ cups milk, 1 tablespoon sugar, 2 tablespoons melted butter, 2 eggs beaten separately. Then mix in the regular way.

UP-STATE NEWS

SAN FRANCISCO—The Associated Oil company announces the receipt of advices from Washington that it had leased from the government, under the oil land leasing act, 1400 acres of land in the Midway fields. It said that a tender of \$1,400,000, amounting to one-eighth of the past production from the property, had been accepted by the government as a royalty. By the transaction, the company stated, title to the property was surrendered, but possession for the future on a basis of fair royalty payments secured.

BERKELEY—Acceptance of a plan to exchange 25,000 shares of Pacific Improvement company stock owned by the University of California for 350 acres of water frontage near the Bethlehem Shipbuilding Works in Alameda, was announced here after the monthly meeting of the board of regents of the university. The stock was a gift of the late Edward F. Searles.

An air service unit of the reserve officers' training corps, senior division has been approved by the secretary of war and will be established at the University of California, it was announced.

VISALIA—Unanimous endorsement of the Marshall plan of irrigation in California, as proposed by the California State Irrigation association, was voted by the mass meeting of Visalia Board of Trade members who listened to a presentation of the project by L. C. Davidson, manager of the association.

TULARE—Concrete steps toward the exploitation of Tulare's industries in a bigger and better livestock and agricultural show in 1921 were taken at a membership meeting of the board of trade at which the 1921 livestock show committee was named and was delegated with authority to assume control of the enterprise.

MERCED—The Dos Palos fire district is no more.

Approximately three thousand dollars in taxes collected under the provisions of the act which sought to create the district will be refunded to the taxpayers because a decree rendered by Judge William M. Conley, of Madera, who sat for Judge E. N. Rector at Judge Rector's request, to hear the petition, upheld all the allegations of the petitioner who has assailed the act of the board of supervisors of the county and the procedure of the fire commissioners acting under authority of the supervisors.

KINGSBURG—All departments of the local high school are closed and have been closed since Monday on account of a defective oil pump. The defect was noticed Friday last by the janitor, but the Friday classes continued their work until evening. Defective parts have been sent to Fresno for repair, and the school will likely be in condition Wednesday for class work.

MODESTO—Coroner Harry J. Wood yesterday tendered his resignation to the board of supervisors. Carl

W. Shannon, member of the undertaking firm of Wood, Shannon & Duncan, was unanimously accepted as coroner to fill the vacancy. Wood's resignation takes place on January 3.

BAKERSFIELD—The bunk house, kitchen and dining room at the Shell Oil company's camp west of Wasco, were destroyed by fire. An oil heater in the bunk house exploded while the men were at supper, and the dining room took fire from the bunkhouse. Most of the cooking utensils and dining room furniture were saved but the buildings were a total loss. The camp is new. Six other buildings were saved.

VISALIA—Before the Lindsay-Strathmore irrigation district can condemn any surplus water on the Kaweah, if such surplus actually exists, it must first prove a surplus, not only as to the actual plaintiffs (Tulare Irrigation District) but over all riparian land owners along the river, under an order received late today from Judge W. M. Finch of Glenn county, sitting in the re-trial of the famous two million dollar water suit.

MODESTO—Seventeen undesirable were rounded up by the police and deported in the past three days, according to the police records. Most of the men have drifted into Modesto during the past few days and came from the east or the large California cities. The roundup of vagrants is the result of a program of clean-up which the city officials have instituted. Threats of putting on a chain-gang have been made if the undesirable element does not leave Modesto off its calling list.

SHIPMENT OF TURKEYS UNDER WAY IN VALLEY

HOLTVILLE, Dec. 17. — Shipments of holiday turkeys out of the Valley are beginning to assume major proportions. The price of the birds has rallied a cent and both hens and toms now command 39 cents.

Several thousand turkeys will leave Holtville before Christmas. Reports from other shipping centers in the Valley are that chickens and turkeys are being shipped in large numbers.

WARNS GROWERS TO DROP ONE-CROP RUSH

BRAWLEY, Dec. 17.—A warning that Imperial Valley should not rush from one extreme to another has been issued by Farm Advisor E. L. Garthwaite, who has grave doubts that the immense acreage now being planted in alfalfa will prove beneficial as expected.

The farm advisor points out that this year there were 120,000 acres of cotton north of the line, and it is doubtful if there will be 30,000 next year. Already 40,000 acres has been sown to alfalfa and thousands of additional acres are being put in.

He feels that it will be just as disastrous for the valley to produce such a super crop of alfalfa as it was to grow the recent enormous cotton crop. Meanwhile the various civic organizations are fostering the return crop.

CITIZENS IN DRIVE TO SAVE YUBA WATER

NEVADA CITY, Dec. 17.—A whirlwind campaign to save the remaining water supplies of the Yuba watershed for the use of the foothill lands, has commenced in this county and will extend into Yuba, Placer and Sutter counties. It is stated that this virtually is the last chance, as the demand for water supplies is becoming more and more urgent and appropriations are being made rapidly.

The present campaign is preliminary to the meeting to be held next Saturday, which is expected to crystallize sentiment in favor of an irrigation district to be formed immediately.

Enclosed cars, day or night, city or country trips. Crown Stage Co. Phone 925.

OLD KELLY MINE AT RANDSBURG RUNNING

SAN BERNARDINO, Dec. 17. — Work in the California Rand Incorporated Silver Mine, better known as the Kelley mine, near Randsburg in this county, has now reached the 460 foot level with the values continuing to show rich ore, according to County Surveyor E. T. Ham, who returned from the region yesterday.

Some of the ore is running \$15,000 to the ton, and Mr. Ham brought in samples of this rock. These values have run through some of the ore from grass roots to the present level. Several million dollars in silver has been taken out of the mine, which promises to set a new high record for a mine production in this county. Seventy miners are employed.

Taxi service, day or night. Crown Stage Co. Phone 925.

FRANCE REBUILDING STEEL INDUSTRIES

PARIS, Dec. 17.—Francis making progress in the rebuilding of her iron and steel industries. Reconstruction plans in these industries look far into the future, when France, through the return of Alsace Lorraine, will occupy a dominating position. Destroyed plants are therefore being rebuilt on a large and more modern scale.

Damage wrought by the Germans in these industries is estimated at about 4,300,000,000 francs. Great difficulties are encountered in replacing machinery, practically all of which was either destroyed or stolen. Serious delays are also caused by lack of coke.

Official figures furnished by the Comité des Forges show that the monthly production in the devastated regions in 1913 was 278,000 tons of iron and 235,000 tons of steel, representing 64 per cent of the total iron production of France, and 60 per cent of her steel production.

In September, 1920, the total iron production in the eastern part of France was 132,000 tons. The devastated regions furnished 100,000 tons of steel during the first ten months of 1920 which represents a great increase over 1919, when only 6,000 tons were produced.

Rapid progress has been made since the beginning of 1920 in increasing the output of blast furnaces. In the first part of 1919 only 21,000 tons were produced monthly. Later this was increased to 41,000 tons a month, but since the first of January, this year, the production has increased as follows: January, 53,000 tons; February, 63,000 tons; March, 74,000 tons; April, 81,000 tons; May, 90,000 tons; June, 111,000 tons; July, 116,000 tons; August, 123,000 tons; September, 132,000 tons.

It is necessary to differentiate between the North and East, but while the mills of the North were completely destroyed and machinery wrecked or stolen, the mills of the East suffered less, being damaged only during the last few months of the war. Reconstruction in the North has been from the foundations upward; it is here that reconstruction is planned on a much larger scale.

Before the war there were twenty-four blast furnaces in the North and eighty-nine in the East. None of the Northern furnaces were operating up to October 1st, but resumption of Eastern furnaces started twenty-two in 1919. This year 18 more have been placed in operation, making the total in operation on October 1st, thirty-eight. In Northern mills on July 1st, 6,000 workmen were employed as compared to an average of 31,000 in 1913. Eastern mills were employing 14,000 men as compared to a normal average of 29,000.

IMITATION NUGGETS FOUND ON PRISONER

REDDING, Dec. 17.—When Albert Knader was arrested in Colusa county warrant charging failure to support his minor children, the officers found a lot of gold nuggets on him. The Colusa officers reported that the gold was equal to a small fortune. When the prisoner was delivered to Deputy Sheriff Richardson of Redding the nuggets were turned over to him too. The Shasta county officer knows gold when he sees it. Deputy Sheriff Richardson examining the nuggets, found every one to be imitations.

TRAFFIC ASSOCIATION OF FRESNO MEETS

FRESNO, Dec. 17.—One hundred members of the Traffic association of Fresno gathered here for their annual meeting, banquet and election of a nominating committee to select the board of directors to be voted upon at a meeting called for January 10. Charles Miller, W. O. Miles and R. B. Cornell were named on the committee. A. G. Winship and E. M. Williams were speakers of the evening. President Roy Hall presided.

FRESNO LEADING IN MEN FOR CALIFORNIA

FRESNO, Dec. 17.—Fresno will be represented on the U. S. S. California by sixty-seven local men, sixty-three of whom have already been enlisted. This city now stands at the head of the list in point of enlistments for the California, according to Chief Boatswain's Mate Bishop, in charge of the local recruiting office. According to Bishop recruiting for the California is likely to close within a short time.

BATHING COSTUMES AT DANCE STIR TOWN

ROSEVILLE, Dec. 17.—Action of the Roseville Women's Improvement Club requesting an ordinance be passed banning dancing after midnight is said to be the result of a recent masquerade dance in which several young women appeared costumed in bathing suits. Petitions opposing the proposed ordinance are being circulated. It is claimed the bathing suit dancers were not Roseville girls, but were from Sacramento for a "good time." The town's night watchman visited the masquerade, it is said, and found no fault with the costumes.

BOY WOUNDED WHEN PISTOL DISCHARGED

CHICO, Dec. 17.—Frank Martin, 10 years old, was accidentally shot in the right ankle by his brother, Charles Martin, at their home in Chico, Cal. The two boys were practicing pistol shooting, using a tin can for a target. Frank Martin stepped between the target and his brother, who was attempting to reload the pistol, when it was discharged. He was taken to the offices of Dr. P. L. Hamilton, who removed the ball. The wound is not regarded as serious.

STAPLE AND FANCY GROCERIES.

UTILITY CHANGES IN YEAR ARE OUTLINED

SACRAMENTO, Dec. 17.—Several consolidations of electric properties marked the fiscal year ending June 30, 1920, as one of note in utility circles says the Railroad Commission in its annual report to the Governor William D. Stephens. In September, 1919, according to the report, the Pacific Gas and Electric company purchased the Northern California Power company, Consolidated, and on January 1, 1920, the Sierra and San Francisco Power company was leased to the Pacific Gas and Electric company for a period of 15 years. The close of the fiscal year saw the final purchase by the Southern California Edison company of the properties of the Mount Whitney Power and Electric company, which for sometime were controlled by the former company.

As a result of these changes the northern part of the state is supplied by two large utilities, the Pacific Gas and Electric company and Great Western Power company, and the smaller hydro-electric companies such as California-Oregon Power company and Western States Gas and Electric company. The central and southern portion of the state are supplied by the Southern California Edison company, San Joaquin Light and Power corporation and the Southern Sierras Power company, operating hydro-electric plants, and by the city of Los Angeles. There still remain two electric plants which operate almost entirely by steam produced power, these being San Diego Consolidated Gas and Electric company and Los Angeles Gas and Electric corporation.

CALLS FOR BIDS TO DRAIN BIG DISTRICT

CHICO, Dec. 17.—Bids have been called for thirty miles of ditches tapping the main section of Drainage district 833, the first indirect step toward complying with the Butte creek injunction recently granted the Moulton Irrigated Lands company. This announcement was made following a conference between the head of the Butte Creek Drainage district, District 833, F. S. Robinson, engineer, and Attorney J. D. Peters, representing the Butte Creek organization.

The drainage canal ordered installed by District 833 taps the thickly settled agricultural lands in its area and will cost approximately \$100,000. The main drain will be located in Hamilton Slough and three laterals will feed the slough, one located west of Gridley, another between Gridley and Biggs, and the third north of Biggs. The work is almost one-half of the total yardage of the district and will be started as soon as contracts are let, James Ownby, secretary of the district, said yesterday.

Direct route to Los Angeles via Motor Transit Lines leaving the depot at 5th and Sycamore street on hourly schedule every day. The quickest route to Anaheim or Fullerton.

Give them your photograph from Gibbons Studio, 415 North Broadway.

Think of "EXCELSIOR" when you want milk, cream and ice cream.

Have you seen The Shop Upstairs at 111 1/2 West Fourth?

MENTON'S LAW OFFICE WILL OPEN JANUARY 1

Attorney William F. Menton, who on Wednesday resigned as deputy district attorney of Orange county, has secured a lease on the offices in the Abstract & Title Guaranty company building at the southwest corner of Fifth and Main streets. The upper floor of the building is being made over from apartments into office rooms. Menton has secured rooms facing on Fifth street, and will move into them about January 1. The rooms will not be ready for occupancy until that time. Menton has been practicing law in Santa Ana for a number of years, and is well known throughout the county. He will now be in a position to give all of his time to his practice, which he could not do while he was in the district attorney's office.

COAL BUNKERING SYSTEM VANCOUVER, British Columbia, Dec. 17.—The harbor board is considering plans to construct coal bunkering facilities sufficient to meet the requirements of all ships entering the harbor.

LEGION DEMANDING AID FOR DISABLED

WASHINGTON, D. C., Dec. 17.—The American Legion is squarely behind the demand of the Bureau of War Risk Insurance, the Federal board for vocational education and the United States public health service for adequate appropriations for the next fiscal year with which to take care of the disabled men of the World War.

Speaking on this point in the midst of a recent conference with the heads of these three bureaus, F. W. Galbraith Jr., national commander, assured them that they should ask Congress for enough money to do the job efficiently and that if there was any disposition to cut down their estimates for the sake of economy, the legion would be willing to go to bat with them before the Congressional committees.

The bureaus are asking for \$323,000,000 for the next fiscal year and are already being heard by the appropriations committee of the house. The public health service is asking \$50,000,000 for hospitalization and \$35,000,000 for the erection of hospital; the vocational board requests \$78,000,000 for the rehabilitation of former service men; and the Bureau of War Risk Insurance asks \$160,000,000 for paying the compensation claims of the disabled. The appropriations committee has already threatened to cut the estimate of the vocational board from \$78,000,000 to \$65,000,000.

CATTLEMEN IN MOVE TO HANDLE SURPLUS

SAN FRANCISCO, Dec. 17.—\$250,000 guarantee fund to finance shipment of surplus California cattle to outside markets was proposed at the California Cattlemen's association convention by President Fred H. Bixby as a means of preventing loss through glutting markets in the state. The fund was to be raised, he said, on notes of individual members.

Laboring men have been led to believe that the shortest possible working hours, the least possible amount of work and the highest amount of pay obtainable for those hours are beneficial to themselves, although this is really not the case, President William Sproule of the Southern Pacific asserted in an address.

The idea of two opposing forces, labor and capital, is wrong, Sproule said, and should be succeeded by the idea that there are three, employer, the employee and the capital they both use.

THEATRE PUTS BAN ON ADS FOR SCREEN

LOUISVILLE, Ky., Dec. 17.—Moving picture patrons may like to watch the operation of a carpet-sweeper or to see how nicely grease spots are removed from clothing while waiting for the thriller to come on, but they vigorously applauded the announcement that the screen at the Majestic theater that no more screen ads would be seen there after the first of the year.

"We will be deprived of considerable revenue by discontinuing the showing of advertisements on the screen," J. E. Pernkoess, manager of the Majestic and of the new Rialto, said, "but I believe the theatergoers will welcome the change. They applauded every time the announcement was shown. In my opinion, the showing of ads is an imposition on the people who have come to see a motion picture show."

TWO DOCTORS SUED BY MOTHER OF GIRL

DENVER, Dec. 17.—That Drs. Leon Block and William A. Egstein so negligently handled an anesthetizing machine as to allow it to explode in the face of 5-year-old Lucile Feldman is the charge contained in a complaint for \$667.50 damages filed against the doctors in the district court by Rose Feldman, mother of the girl.

The complaint states that the doctors were preparing to remove the tonsils of the girl, who was lying on an operating table, when the anesthetizing machine containing ether exploded and burst into flames. The blaze, the complaint says, burned the neck and face of the girl. The accident occurred June 23, 1920.

Free—A \$60.00 Royal Cleaner will be given away at our opening Saturday, the 18th. Every housewife in Orange county has an equal chance to win this wonderful cleaner. See instructions in this issue. Granger Electric Co., 306 West Fourth St.

Use **Resinol** for children's hurts

Bathe the injured spot well with Resinol Soap and warm water, then apply Resinol Ointment and see how quickly the tears are forgotten. The same soothing, healing, antiseptic, qualities which make Resinol Ointment so effective in treating eczema and similar troubles bring prompt relief to the little hurts. If you haven't Resinol in your medicine cabinet, buy a jar today. Resinol Soap and Resinol Ointment sold by all druggists.

HORSE GIVES BLOOD TO STOP DIPHTHERIA

BERKELEY, Cal., Dec. 17.—Saving the lives of more than 1,000 children is the proud boast of Alice, just a plain ordinary unpedigreed sorrel mare. Alice's record was made in two years as a member of a laboratory company of this city.

The horse is immunized to diphtheria germs, and every thirty five days a careful operation is performed and two gallons of her blood is withdrawn from which antitoxin is made.

"Of course," the actual number of lives saved by a single horse is hard to estimate, but 1,000 lives could be saved by a single horse under perfect conditions," said C. M. Twining of the laboratory company.

"The difficulty in estimating the number of lives varies with the horse, and with the treatment given the diphtheria patient. Some patients require 10,000 units while the treatment of others may require as high as 50,000 units. Recently in Stockton there was a case which required 70,000 units of anti-diphtheria serum.

"A unit very roughly speaking, may be defined as the quantity of serum required to save the life of a half pound guinea pig after the guinea pig has received 100 times as much diphtheria toxin as would ordinarily cause its death."

Horses Become Pets

"We use horses," said Twining, "for producing the serum for several reasons. The serum of horses is more easily separated from the clot of blood than is the serum of other animals. We might use cows if it were not for that. Less important considerations are that horses are easily handled and stand bleeding easily."

"The horses do not suffer when bled, and after each bleeding are turned out to recuperate. They are carefully fed and tended and extreme cleanliness is observed in handling them. As they are treated very gently they naturally become very tame and often are the cherished pets of the laboratory workers," declared the manager of the company.

LAKE LOUISE ROAD IN ALTA COMPLETED

BANFF, Alta., Dec. 17.—The Banff to Lake Louise highway has just been completed with the opening of the bridge near the Lake Louise station. During the war work on this highway was carried on by the United States army, and at the conclusion of hostilities the Parks department of the Dominion government undertook to complete the work. The road will not be opened before spring, when it is expected that thousands of tourists will motor to Lake Louise from Banff and view the incomparable scenery which was hitherto inaccessible.

MAN TRIES SUICIDE, FAILS, NOW CRIPPLE

SHRIMDAN, Wyo., Dec. 17.—Joseph Daly, a homesteader, failed in his attempt at suicide, but succeeded in crippling himself for life.

Daly rigged up a shotgun with a string on the trigger in such fashion that he could fire the weapon with the muzzle against his body. He placed the muzzle directly over his heart, but lost his nerve as he yanked the string, the charge of shot nearly blowing his left arm and shoulder from his body.

NOTED GAS MAGNATE DIES IN NEW YORK

BINGHAMPTON, N. Y., Dec. 17.—Thomas B. Crary, financier, died here. He was head of the 1909 Washer Co. and participated in the organization of natural gas companies in Akron, Ohio, Kentucky and Oklahoma. Mr. Crary also had large lumber interests in Mississippi, Georgia and North Carolina.

Delicious Bitter Sweet Chocolate 1 lb. for 65c; 1/2 lb. for 35c. Home made Christmas Mix at 25c per lb. 5 lbs. for \$1.00 limit of 5 lbs. to one customer. At The Dragon.

PANAMA'S PROBLEMS DEMANDING ACTION

CRISTOBAL, C. Z., Dec. 17.—Problems connected with the Panama Canal are certain to demand considerable attention from the Harding administration in the view of those acquainted with the situation here.

Abolition of tolls on American shipping, to which Senator Harding committed himself during the campaign, is not viewed with favor in the Canal Zone, the argument being that it would benefit only a relatively small group of American shipping interests and would so reduce the income of the canal as to impose a much heavier taxation burden on the people of the United States.

On the other hand, advisors of Senator Harding, who accompanied him here, insist that a subsidy to American shipping is necessary and that it might as well be faced in this form as in some other. The increased taxation which might result from free passage for American ships would be considered as a subsidy paid by the American people for the development of a large merchant marine.

Problems of local administration are numerous. Canal employees are complaining of inadequate housing facilities. Husbands, in many cases, are unable to live with their wives, the families being separated in men's and women's dormitories, owing to the lack of cottages and apartments, according to employees here. There is also heard complaint against prices of food and clothing charged at the commissary here. It is alleged prices have come down in accordance with decreases in the United States.

Blame for this alleged situation is in many quarters placed on Governor Harding. His term expires shortly and his successor will be appointed by the new administration. Officials in the zone have great confidence was felt in the ability of President-elect Harding to straighten out the situation which has been explained to him in detail here. One report here is that General Siebert, formerly head of the gas warfare service of the army, will succeed Governor Harding. This report, however, has not been confirmed by anyone close to President-elect Harding.

LEGION WILL FIGHT 'BLUE SUNDAY' LAW

NEW YORK, Dec. 17.—American Legion members in all five counties of Greater New York are preparing to fight the campaign for the establishment of a Blue Sunday, which they characterize as "un-American" and "bigoted."

United Service Post, of the Bronx, under the leadership of State Vice-Commander William F. Deegan, has taken the initiative in the opposition to the Lord's Day alliance and its associated bodies and will send three of its lawyer members to Washington in an effort to combat the blue law lobbyists in their activities in congress.

A resolution, passed at a recent meeting of the post, expresses the opinion that the blue laws "contain the seeds of prejudice and bigotry" and that they "destroy the freedom of action and the prerogative of every free American to worship God as he sees fit."

Latest From Oil Fields of Orange County

By ELWOOD J. MUNGER

RANKS STANDARD BOLSA WELL AS ONE OF BEST

HUNTINGTON BEACH, Dec. 17.—The Standard Oil company has succeeded in cleaning out and putting on production Bolsa No. 1. While the actual figures on this well's production are not available at this time, it is believed that this well is one of the biggest producers in the state and will open a new era in the petroleum industry of Southern California.

This big well is a little over 2550 feet deep. The oil is flowing direct into the pipe lines.

Huntington No. 3 is drilling in the oil sand and is looking good. No. 4, offsetting the Texcal, is standing cemented. No. 5 is drilling at a 1000 feet. No. 6 is a rig, as is No. 7. No. 8 is being located. Huntington No. 11 is standing cemented. Torrance No. 1 is now a deep well drilling at 3500 and not showing anything. Surf No. 1 is also getting pretty well down and looking rather good at 3400.

On the Bolsa property the Standard is making a location and building rigs for No. 2 and No. 3.

Is Getting Down.

The Amalgamated Oil company, drilling at No. 1 is now at 2050 feet, the formation being a blue clay. No. 2 has moved to a new location and is rigging up. No. 3 is also rigging up. No. 4 is a new location.

The Huntington Central Oil company, now on the closest location to the city of Huntington Beach, is rigging up and will be ready to start drilling before many days. It is understood that Wm. Wigle has the contract to drill this new well.

The Bell of Montebello is going to try its luck in the Huntington Beach field having secured a lease on the Garfield tract. It has made a location for a well. The Bell of Montebello recently abandoned the deepest well ever drilled in the Montebello field.

Gets Showing, Cements.
At 2625 feet the Mid-Central Oil company got quite a showing of gas, along with some rainbow colors, and set pipe. The well is now standing, and will be opened up the latter part of the week.

The State Consolidated is about rigged up and ready to start drilling on an acre and a half tract adjoining the Petroleum Midway. The Petroleum Midway is also about rigged up and will start drilling in a few days.

The Texcal is cleaning out to bottom and intends to put in 2250 feet of 8-inch and cement in a few days. It is the intention now to drill the well in with the rotary as soon as the cementing job has set. Indications are favorable for a nice well.

The Republic Petroleum, one of the late companies to get in on the Huntington Beach field, is building rig and starting to rig up.

Western Union Starts.

The Western Union Oil company has secured what is known as the Huff property, a 45-acre tract near the Standard's Bolsa lease, and is starting to build a rig for well No. 1.

The Union Oil company is rushing the rigging-up work on Dilling No. 1 with the intention of starting the drilling in a few days. This property adjoins the Bolsa gusher tract and is regarded as one of the best of the smaller properties in the field. The Union's Newland No. 1 is scheduled to start cemented for another week.

The Vista Del Mar, drilling at 1500 feet, is in shale and reports a showing of oil. It is the intention to set pipe here at 1900 feet.

The West Whittier has made good time drilling during the past week. The well log shows 2100 feet in the hard sand.

**HAS DRY HOLE, ELSE
OIL IS BELOW 4220**

RICHFIELD, Dec. 17.—That the Vejar property is either going to be non producing or deep territory is now the opinion of the General Petroleum. Vejar No. 1, now drilling at 4220 feet in brown shale, but is not showing any oil. Stern No. 3 is now drilling in the oil sand at 3500 and looking good. Yorba Linda Water Co. No. 1 is in the shale at 3450 and is showing considerable oil. Group 1-1 is 3045 in hard shale. Group 2-1 is in shale and boulders at 3725. Davis No. 1, a new well, shows 775 feet of hole. Hugo No. 1 is down 2780 feet in shale and boulders. Stern No. 5 passed a thousand feet in sand and boulders. Thompson No. 5 is redrilling at 3045.

Drilling at Heffern No. 2 is making good progress. Streaks of shale and hard sand after leaving the conglomerate at 1000 feet speeded up the drilling. The McKee Drilling company is doing the work.

Drilling on the Harrington-Dumas is now at 2675 feet, the hard sand still predominating.

**WORK GOING SLOWER;
HOLE TENDS TO CAVE**

OLIVE, Dec. 17.—Work on the New York, California and National Security is going a little slow. The latest report from the New York, California gives the depth of the hole at 450 feet. The hole is showing a tendency to cave. The National Security reports 625 feet of hole in the blue shale.

The Orange County Petroleum wild cat shows close to 900 feet of hole, the formation being a hard sand.

HARD SAND AT 4200.

RICHFIELD, Dec. 17.—The Standard Oil company's Vejar No. 1, now drilling at close to 4200 feet in hard sand, is showing no signs of oil. Kraemer 2-8 is drilling at 3375 in hard sand, 2-9 at 1635 in the same formation, and 2-10 at 1975 is drilling in hard sand also. Collins No. 2 is one of the deep wells of the field as it is now drilling at 4150 in gray sand. Kellogg No. 1 is also a deep well, drilling at 4100 it is in hard sand.

HUNTINGTON BEACH IS TO SWELL PRODUCTION OF SOUTHERN FIELDS

The latest available figures on the monthly production of the California oil fields shows that it has passed the hundred and three million barrel mark, making the output the biggest record yet. These figures also show that the production has increased one million barrels since the opening of the year, another record.

The Huntington Beach field is expected to do big things for the southern field's output. Already the production of this new field is running close to 6000 barrels a day. The southern field now shows 170 wells producing, the daily output being more than 79,000 barrels. The number of producing wells in the southern field is 940, the average production per well being 85 barrels.

COALINGA-MOHAWK'S WELL IS AT 3,000 FEET

NEWPORT BEACH, Dec. 17.—The Coalinga-Mohawk is now making hole at 3000 feet and it is understood that the well is in brown shale and looking rather encouraging.

The Interstate Oil company has in reality four wells under way in the Newport field. Mesa No. 1, now at 2800 feet, is showing sandy brown shale and looking very good. Newport Heights No. 1 is rigging up to start drilling. Norris No. 1 at 1000 feet is drilling, and Irvine No. 1 is standing with a liner set at 100 feet.

The Liberty Petroleum is going ahead with its efforts to get an oil well at Newport and has re-cemented at 2100. Inability to cope with the water problem has prevented this well from becoming a commercial producer.

**BRADFORD NO. 1 PUT
ON BEAM; 75 BARRELS**

RICHFIELD, Dec. 17.—The Petroleum Development Co. (Santa Fe) has completed Bradford Bros. No. 1 at 3888 and put the well on the beam, making seventy-five barrels. Bradford No. 3 is drilling in sandy shale at 3650. Bradford Bros. No. 3 is making hole at 1600 feet and Bradford Community No. 1 is re-cementing at 3488. Richfield No. 2, a new well, shows the rig up.

Drilling on the Placentia-Richfield Central has been discontinued at 3935. On account of the poor showing of adjoining wells and the little encouragement in the well the action to stop work was taken. If conditions warrant the drilling will be resumed at a later date.

**NEW WELL ON STEARNS
LEASE 200 BARRELS**

BREA, Dec. 17.—The last well brought in by the Union Oil Company on the Stearns has settled down to 200 barrels. No. 59 continues to be the best well in the field doing better than 1200 barrels. No. 62 is a new well at 800. Drilling on No. 57 is now at 1300 feet. No. 58 is drilling at 1200. No. 62 is redrilling at 2200, and No. 63 at 1825 feet.

The Union Oil Company will continue some development work on the Graham-Loftus lease.

STARTS NEW WELL.

OLINDA, Dec. 17.—The Olinda Land company has everything in readiness to start drilling on its No. 23 and will probably get to making hole this week. No. 2 is drilling at 2000 feet in hard shale.

**300 DEATHS IN COUNTY
FROM TUBERCULOSIS**

SAN BERNARDINO, Dec. 17.—San Bernardino County shows approximately 300 deaths from tuberculosis during the past year, according to incomplete reports of the county tuberculosis nurse, Miss Ella Kilgore, who has been working out that great county problem the past three months in conjunction with the County Tuberculosis Association.

This shows, in a measure, the seriousness of the situation in this vicinity and the need of concentrated work for the stamping out of the disease.

UNION PLANNING TO DRILL DEEP ON CHAPMAN

RICHFIELD, Dec. 17.—On the Chapman property the Union has started some deep drilling and will test out the possibilities of the famous property for deep production.

Chapman No. 5 drilling at 3980 is in a brown sandy shale believed to be overlying a deep oil sand. Chapman No. 7 is a brown sandy shale at 4025 feet.

Chapman No. 4 is proving somewhat of a disappointment. An effort was made a few days ago to bring the well in at 3590. Putting the well on the pump the best it would do is about 60 barrels.

Dickson No. 1 is in grey sand at 3870 and not showing anything. Yorba No. 1 is in grey sand at 3738. Shepard No. 1 the deep well of the field is drilling at 4445, and is showing a little encouragement being in brown sandy shale. On the Towell property No. 3 came in a few days ago at 165 barrels, the depth is 3450.

Chapman No. 1 showed a little increase in production this week coming up from 755 barrels to 812. This old well is performing in a wonderful manner.

**FISHING JOBS HOLD
BACK SEVERAL WELLS**

RICHFIELD, Dec. 17.—Drilling deeper on Dominguez No. 1 the Selby-Roth-Hogue Oil company has a fishing job at 2900 feet. The rig on the Wardman property is completed and the intention is to spud in and start drilling in a few days.

The Western Union is recovering from a fishing job by cutting out pipe and removing it in sections at Robbins No. 1. The pipe is almost all out and drilling will be resumed.

The United Oil Company has started work on cleaning out Carpenter No. 1 and will put the well in better production condition. The well has been making about 200 barrels of oil rather heavy and some water.

The loss of twenty stands of drill pipe is still giving the Placentia Oil Company considerable trouble. About a dozen stands have been recovered. The twist off occurred while drilling at 2655.

The Placentia-Pacific now has the first real fishing job since the drilling started. At 2025 feet a cave-in caught the drill pipe holding fast. Washing over and cutting off is now in progress.

**FLOW OF GAS DROPS
AND DRILLING GOES ON**

BREA, Dec. 17.—The big flow of gas struck by the Brea Canyon Oil Co. at its No. 32 has subsided sufficiently to allow the work on the well to resume. A string of 4 1/2 inch is now going in and the drilling will start again in a few days. At No. 33 reaming is going slow at 1350.

The Columbia Oil Producing Co., has erected tanks and made all the necessary preparations for the bringing in of Menchecho No. 1, now drilling in the shale and oil sand at 2900 feet. The showing is good and a nice well is expected. Menchecho No. 2 drilling at 2480 has made a record for drilling and is now in sandy shale.

The Fullerton Oil company's deep test well at Brea is now in a hard fine sand at 4245 and is not showing any more encouragement than it did at 5100 where a rather good looking oil and was struck. The drilling is going ahead in the hope of finding something still better.

WATER SAND IS STRUCK

OLIVE, Dec. 17.—The Santa Ana Canyon Oil company's wild cat well drilling in Santa Ana Canyon is now at 4145. The formation is a fine sand resembling water sand very closely. The management is not hopeful of success now.

HAS FOUR WELLS GOING

OLINDA, Dec. 17.—The Petroleum Development Company has four wells drilling in the old Olinda field. No. 88 is testing out water conditions. No. 92 shows 2100 feet of hole. No. 93 is drilling at 1650 feet and a new well shows 1000 feet of hole. No. 95 is a location for a new well.

The West Coast Oil Company is having a lot of trouble shutting off water at No. 73, four cementings having failed to make the job a success.

**FEWER KILLED BUT
INJURED INCREASES**

Accidents to employees of the Santa Fe Company took a death toll of four in October, 1920—a decrease of two compared to the same month in 1919—but the number of employees injured while at work in October, 1920, exceeded the record of October, 1919, by 255, the monthly safety report of Isalah Hale, safety commissioner, shows.

The report issued to employees here yesterday, states that the number of shop and roundhouse employees injured in October, 1920, was 470, by far the greatest number of any one class of workmen on the road.

The complete accident report, classified according to employees, follows:

Train and	1919	1920
Enginemen	137	140
Warehouse and	145	110
store dept.		
Track, bridge and	127	172

EXPELL FOUR FOR INSUBORDINATION

FULLERTON, Dec. 17.—Of eight Fullerton grammar school girls suspended for insubordination, four will be reinstated following the Christmas vacation, but the others have been permanently expelled from the school, according to a statement issued by Principal Marcy this morning.

One of the expelled pupils resides outside the school district. Mr. Marcy took action in suspending the students after conferring with the members of the board of trustees. Yesterday afternoon the board held a special meeting and after a thorough review of the entire trouble, voted to place the matter entirely in the hands of the principal, giving him authority to make such disposition of the individual cases as he saw fit.

The insubordinate pupils are members of the seventh and eighth grades. The trouble dates back to last year, when the same group of pupils are said to have caused a great deal of disturbance in the school. This year the affair gained such headway that the school authorities found it necessary to meet it in order to preserve the discipline of the entire school.

Whether the parents of the three local pupils will take any legal action to have the children reinstated is not known, but those who are well acquainted with the school laws of the state are of the opinion that nothing can be done, the matter being for the principal alone to decide.

Members of the board of trustees seem to be of the opinion that a "house cleaning" in the grammar school had been needed for some time past, and the time came when it could no longer be postponed, so the suspensions followed.

VILLA PARK

VILLA PARK, Dec. 17.—Mrs. Ray Billingsley returned from Los Angeles on Friday, where she has been visiting with her daughters, Mrs. Flintham and Mrs. Searle.

J. B. Handy and Will Holditch returned on Friday evening from Laguna Beach. They were there for a couple of days.

Mrs. Ralph Adams and son Bobby, of Orange, spent Friday with Miss Nellie Adams.

Mr. and Mrs. E. H. Adams and their daughter and son-in-law, Mr. and Mrs. A. E. Hughes of Olive, returned on Saturday from Imperial Valley, where they had been for several days.

Mrs. Walter J. Rasch and daughter Frances Ann, went to Hollywood, Friday to visit with Mrs. Detten-thaler. Mr. Rasch and son Jack motored up Sunday morning and all returned in the afternoon.

Kenneth Bathgate spent Saturday and Sunday at Laguna Beach with his brother, Will Bathgate.

Miss Estel Ursch of Los Angeles spent Sunday as a guest of Miss Elizabeth Lee.

Miss Jessie Holditch came home from Anaheim on Sunday evening and plans to remain until after the Christmas holidays.

The funeral of Mrs. Amelia V. Durfee, who passed away on Friday night, was held Monday afternoon at 2 p. m., from the family residence, Rev. L. P. Hitchcock was in charge of the service and was assisted by Rev. George Kitzmiller of Orange who was an old pastor of the church here. Two hymns which were favorites of Mrs. Durfee were sung by old time neighbors. They were, "Nearer My God to Thee," and "Lead Kindly Light."

The pallbearers were also old time friends: Messrs. Wm. Bathgate, Ray Billingsley, A. A. Lee, E. N. Adams, Frank Lord and F. D. Collins. There were many beautiful offerings of flowers. Mrs. Durfee was 80 years old and had been a resident of Villa Park for over thirty years.

She leaves to mourn her loss, a daughter, Mrs. Mary Murdoch and son, R. V. Durfee, also a stepson, Charles Durfee of Watts, who is an invalid.

Mrs. Charles Durfee of Watts came up Monday afternoon to attend the funeral of Mrs. A. V. Durfee and remained over for a day or two.

R. V. Durfee who has been home for a few days returned to Yorba Linda, Monday evening. He will be home again for Christmas.

YOUTH KILLED BY TRAIN AT FRANKLIN

SACRAMENTO, Dec. 17.—A youth thought to be William F. Merrill, 19, son of L. E. Merrill, believed to be an officer at Fort Winfield Scott, San Francisco, was killed by a Western Pacific train near Franklin. The body was found lying between the track and a cattleguard.

REPRIEVE COMES AT THE ELEVENTH HOUR

CHICAGO, Dec. 17.—After one hour and forty minutes in the death cell at the County Jail, Gene Geary, sentenced to a writ of habeas corpus by the Supreme Court at Springfield, the news came while Geary was bidding goodbye to his sister.

Geary broke into tears when told that his life had been saved temporarily and grasping the jailer by the hand, said:

"That is the best news I ever heard."

After kissing his sister several times, Geary turned and kissed two Sisters of Mercy and a priest who had gone to the cell to comfort him. The writ will result in a review of the case by the Supreme court. Geary was convicted of slaying Harry Rekas, a saloonkeeper.

When Geary was returned to his cell he was greeted with a demonstration by the prisoners.

Demonstrators wanted! Apply at Santa Hill Market, 301 West Fourth, Pacific Tea company.

Baby gifts and wearables at The Summer Shop—"The Shop Upstairs" at 111 1/2 West Fourth.

TO VOTE WATER BONDS SOON AT SEAL BEACH

SEAL BEACH, Dec. 17.—It is quite probable that a special election will be held in Seal Beach soon to vote bonds for a water distributing system. Upon order of the city council a suit is being brought to stop the sale of the bonds voted a couple of years ago because there is no sale for them at the rate of interest they carry. Neither are they in sufficient amount to carry out the proposed work at prevailing prices.

Realizing the necessity of prompt action, the board of trustees are planning to get estimates and call another election as soon as possible.

FARM CENTER HOLDS FINE ART EXHIBIT

EL MODENA, Dec. 17.—The Farm Center meeting was held last Monday evening. An art exhibit was given, which was a credit to the community. There were some excellent pictures shown. Among them were several portraits, landscapes and marine scenes. The marine scenes were pictures from Laguna Beach.

The exhibitors were: Will Chapman, Miss Edith Culter, B. F. Culter, Mr. Day of Prospect avenue, Mrs. Luella Prudence Sandricken, Mrs. E. H. Paddock, Miss McCollum, Mrs. D. E. Huff, Mrs. Crist, Orpha Crist, Fay Mendenhall and Elsie Crist. Another such exhibit of art work is to be held in a few months. One of the features of the evening was a sumptuous community supper, served in the basement of the school house.

Mr. and Mrs. Arthur Woods have moved to West Park Gardens, near Los Angeles.

A. M. Otis and family of East Whittier were Sunday visitors in El Modena as guests of the Crist family.

Mr. and Mrs. Hamilton are visiting Mrs. George Wood of North Laguna.

Mr. Hamilton is a brother of Mrs. Wood. The Hamiltons are from Canada.

Rev. Charles White and family intend to spend Christmas vacation on their ranch at Lindsey.

The W. C. T. U. met last Friday at the home of Mrs. W. F. Crist. A generous donation of canned fruit, jellies and other foodstuffs were brought for the Old Ladies' home in Los Angeles.

The "Live Wire" class of the Sunday school met in a business session Tuesday night of this week at the home of Miss Nell Crist, the new president of the class.

The little daughter of Jay Stone has been suffering from a trouble of the nature of inflammatory rheumatism.

WOULD EXEMPT DOGS FROM VIVISECTION

WASHINGTON, Dec. 17.—Support of the Myers bill, prohibiting the vivisection of dogs in the District of Columbia and in all Federal territory, was reaffirmed by the interstate committee of the Anti-vivisection Societies of the East at its semi-annual luncheon. Plans were made for introducing dog exemption bills in many states.

TWENTY INJURED IN STREET CAR CRASH

OAKLAND, Dec. 17.—Twenty persons were injured, three seriously, in a rear-end collision between two street cars on San Pablo avenue here.

Mrs. N. A. Herlitz and Mrs. Geo. Delahanty, both of Berkeley, suffered severe cuts, bruises and possible internal injuries. Robert Herlitz, 7 years old, was severely cut about the face and body.

The accident occurred when one of the cars stopped at a crossing and the motorman of the following car was unable to stop it.

The police said the brakes on the second car had failed to act properly.

FORMAL RELEASE OF MARSHALL IS GIVEN

ORANGE, Dec. 17.—Former City Marshal H. S. Warner was given his formal release from his duties as tax collector and his bond cancelled by the board of trustees in meeting here Tuesday afternoon. The board extended Warner a vote of thanks for the splendid service rendered during his term as city official.

With the cancelling of his bond, Warner is freed from any obligations to the city and leaves with a spotless record. His release followed an examination of the tax collector's book which in the report handed in to the board was found to be in good order.

According to this report \$60,301 is shown as the total amount collected during the tax collecting period, from October 1 to November 29. In the report it is also shown that there remains \$1,201 to complete the total assessment roll, this sum being the total amount of the delinquent taxes.

Warner's resignation became effective December 1st, on which date, he became a member of the county motorcycle squadron organized to patrol the highways and check any violations of the motor vehicle law.

WOMEN WOULD CLOSE ROAD TO KEEP BEAUTY

CHICAGO, Dec. 17.—The village of Crete has a new, spotless cement road—a part of the Dixie highway—which extends through the center of the village for a mile, equipped with gutters, drains, everything. It was built by special assessment.

Now a new road is a new road, though it was certainly meant to be driven over. But this road is such a nice road that the women of Crete have determined to keep it in its pristine beauty. To that end an organization has been perfected to keep motor trucks away.

AMERICANS COMMAND BIG BRITISH DIRIGIBLE

WASHINGTON, Dec. 17.—A report received by the navy department from Commander L. H. Maxfield, commanding the detachment of navy personnel now at Howden, England, states that for several weeks the R-32 British training rigid airship has been entirely handled by him and his associates.

The detachment has been stationed at various times at the royal airship work, Bedford, where the R-2 is building. The construction of the R-2 was thoroughly studied and courses taken in fabric and in aluminum metal working.

Ladies—Read the Granger Electric display ad in this issue and plan to visit their opening Saturday. 306 West Fourth.

YEAGMEN CRACK SAFE IN RANDSBURG STORE

BAKERSFIELD, Dec. 17.—Sheriff Newell was advised that cracksmen secured \$2300 in cash from the safe in the Rand Mercantile company's store at Randsburg, a mining town, 110 miles east of Bakersfield. The combination was knocked off the vault and an electric drill bored a hole in the safe, which was then blown open.

For a house gift, nothing is more acceptable than a lamp for floor or table. All sizes and kinds, each with its own shade, exquisite in design, a symphony of color. At the Summer Shop—the "Shop Up Stairs." Open Saturday evening and every evening next week, 111 1/2 West Fourth.

Phone 237 for good Dairy Products

MISSIONARY SPEAKER AT BAPTIST CHURCH

ORANGE, Dec. 17.—A rare opportunity will be given Sunday morning to hear about India at the Baptist church when the Rev. W. R. Stanton, D. D., who was a missionary in that land for twenty-five years, will deliver his interesting lecture on "A Quarter of a Century in a Wonderful Country."

The speaker will illustrate his lecture with 25 beautiful paintings 10x8 feet, of the scenes of greatest interest in that land. A big selection of rare relics and curios will also be used to illustrate the customs and habits of the Indian people.

STREET LIGHTS FOR LA HABRA IS PLAN

LA HABRA, Dec. 17.—At the meeting of the La Habra Chamber of Commerce held in the social hall Monday night steps were inaugurated toward securing at least a few lights for the streets of the town through voluntary contributions by the business men and citizens generally.

It was brought out in discussing the question that the chief difficulty encountered in previous efforts of this character was the time and trouble necessary in making collections. To obviate this it was the sense of the meeting that the people should be asked to pay six months at a time, which would work a hardship on no one, as the amounts involved would be small.

Several of the business men and residents present indicated that they would be glad to contribute to such a fund, and a committee consisting of George W. Young, A. H. Johnson and L. M. Hopper was appointed to find out what sort of service can be secured from the Edison company and to bring in a plan of action at the next meeting.

FATHER FINDS SON AFTER TEN YEARS

STOCKTON, Dec. 17.—After a search of ten years Morris Bodsky was reunited with his son, Edward Babkin, the adopted son of Mr. and Mrs. M. A. Babkin to whom he had been given by his mother when a baby. Father and son have left for New York where he will meet his mother, later going to Palm Beach with his father for the winter.

This is What SHE Wants—

General Electric Type Suggestions

In passing around the Christmas Gifts this year it would be wise to give just such things as we are now offering. These are the things that save the steps and add to the joy of living in Southern California. You are only living one life here—let's make it as pleasant as possible for our families and friends.

- Tea Service Sets.
- Coffee Urns.
- Chafing Dishes.
- Dish Table Stoves.
- Electric Toasters.
- Three Glow Radiators.
- Coffee Percolators.
- Aluminum Heating Pads.
- Lamp Socket Ovens.
- Radiant Grills.
- Grecian Urn Coffee Sets.
- Ovenette Round Grills.
- Immersion Heaters for homes, physicians, surgeons, dentists, etc., for sterilizing.
- New ideas in curling irons.
- Automobile engine heaters for cold mornings.
- LADIES' TRAVELING SETS, three-pound iron, attachment for heating curling tongs, Curling tongs and inverting stand.
- These are just a few of the good ideas our lines suggest for Christmas givers.

Flashlights & Electric Lanterns

Every family should have a good flash light or two. Every rancher should have one of our new electric lanterns. These are the last word in portable electric lights and they're most reasonable in price. We suggest one for Christmas.

It Pays To Buy Electric Goods At a Real Electric Store.

What is A Certified Public Accountant?

—He is a man who by virtue of his knowledge, ability, character and experience has received the authority under the law and by the statutes of the various States to adopt the title of "CERTIFIED PUBLIC ACCOUNTANT" and is therefore recognized by the Courts and in the business world as an "Expert Accountant."

—There are some very capable Accountants in practice who are not yet CERTIFIED, and there are also many British Chartered Accountants practicing in this country.

—We do not refer to the purely local "Institute of Chartered Accountants," or any self-styled "Expert Accountant."

—The profession of the "CERTIFIED PUBLIC ACCOUNTANT" has established its reputation, has rendered a REAL SERVICE TO AMERICAN BUSINESS, and through an appreciative clientele they have built for themselves a valued good-will.

—The "Certified Public Accountant" is qualified to Audit your records—detect fraud and error—present clearly your financial condition and the results of your operations—prepare your Federal Tax Reports—recommend changes in your bookkeeping methods—ascertain true costs—prepare accounts for partnerships—faithfully present corporate results to stockholders—and make special investigations and examinations.

—ask your Banker or some prominent Business Man to recommend a "C. P. A." —be sure he is CERTIFIED.

POINTS TO NEED OF MORE ROOM IN HOSPITALS

SACRAMENTO, Dec. 17.—Only prompt action by the incoming legislature can avert a serious problem in the next two years with regard to the housing of patients in the several hospitals maintained by the state for the benefit of the insane. This is according to a report of a survey made by Dr. F. W. Hatch, general superintendent of state hospitals, who has found that a majority of the institutions now are overcrowded and practically no further provisions have been made for expansion.

Dr. Hatch will lay the matter before the Medical Superintendents of the various institutions for the purpose of verifying his figures and outlining the steps to be taken to bring about relief.

May Urge New Building
 The program probably will take the form of recommendations to the legislature requesting an additional hospital or for an appropriation large enough to materially enlarge some of the buildings now in use.

As evidence of overcrowding, Dr. Hatch shows in his report that, including paroles, the hospital at Stockton is credited with 2,510 patients, or 44 per cent over its certified capacity. Much the same conditions, he says, prevail at Napa, Mendocino, Agnew, Norwalk and Southern California.

Sonoma Home Not Crowded
 The Sonoma State Home for Feeble-minded is the only one of seven hospitals included in the report which does not show evidence of overcrowding. The certified capacity of this institution is 1,774, while the census reported to Dr. Hatch shows a total of 1,580 patients.

The seven hospitals give a census of 11,883 patients. Of this number, according to the report, 933 are on parole.

The question of urging the legislature to provide an additional hospital, Dr. Hatch indicated, depends a good deal upon development and the attitude of the Medical Superintendents. He intimated his belief, however, that whatever growth in commitments there will be to meet in the next two years can be met through extensions to the present hospitals.

**GETS \$800,000,000;
 PAYS \$840,000,000**

NEW YORK, Dec. 17.—Uncle Sam "got rich quick" yesterday. Then he turned around and paid out all the money. It was the last day for his nephews and nieces to pay their final 1920 income tax installments of about \$800,000,000.

But it also was the day on which certificates of indebtedness worth \$700,000,000 and interest of Liberty and Victory bonds amounting to \$140,000,000 fell due. All day long butchers, bakers and candlestick makers thronged the custom house here to pay income taxes. Mail carriers unloaded pouch after pouch filled with checks, money orders and cash of others who settled with the government for the last time this year. Midas in all his glory was never surrounded with all the wealth that accumulated around Collector Edwards. It was estimated that nearly \$100,000,000 was paid in New York.

But about \$40,000,000 due in income taxes failed to appear. Big corporations and unemployed laborers alike sent their regrets. The swelling tide of money which swept into their pockets last spring was gone, they said. Uncle Sam the things that are Uncle Sam's was made impossible this December by "tight money" and "business depression." Collector Edwards learned from many sources. He was asked to grant excuses in innumerable instances, but was powerless to do so. The government will hide its time, the collector said, but while doing so a 5 per cent penalty plus 1 per cent interest monthly will be imposed on those who failed to square their debt today.

FIND SALT DEPOSITS

EDMONTON, Alberta, Dec. 17.—Drillers operating under the direction of the provincial government have definitely established the existence of huge high-grade salt deposits at Fort McMurray. At a depth of 650 feet a well was sunk through 30 feet of pure salt. The results of exploration begun a year ago confirm the opinions of geologists that an immense field of salt exists along the Athabasca river near Fort McMurray.

PLEDGE PRICELESS TAPESTRIES TO GET BREAD FOR STARVING

VIENNA, Dec. 17.—When by purchase gift and inheritance the House of Hapsburg acquired the 900 or more tapestries comprising the most superb collection in the world its members hardly foresaw that some day they would be pawned to buy bread for a succeeding republic.

The Reparations Commission having given its consent, the government is now trying to raise enough money on these tapestries to purchase 50,000 tons of flour against the imminent exhaustion of the supply on hand. The bread ration has been reduced to 20 per cent wheat flour content, with 50 per cent corn meal and 30 per cent rye. The best that can be said of the resulting bread is that a very hungry person can eat a little of it.

It is understood that a movement is on foot for the organization of an international syndicate to advance the required amount of cash.

Representatives of all the Austrian associations devoted to science and art have protested to Chancellor Mayr against the contemplated pledging of the priceless Gobelins tapestries, owned by the government as security for food supplies. It has been proposed that the tapestries be pledged for \$4,000,000 to secure two months' flour rations from the United States.

FAMOUS AMERICAN TENOR PASSES AWAY

PASADENA, Dec. 17.—Dord has been received here of the death of Theodore J. Toedt, leading American tenor of his time, and a brother of E. B. Toedt, of 191 South Euclid avenue, Pasadena.

Prior to the time ill health compelled him to give up his professional work, Theodore Toedt made a number of tours of California and had a great many friends in this state. He was well known here in the 80's and was a great favorite in San Francisco, where he was specially honored by the famous Bohemian Club of that city.

Mr. Toedt of this city has been frequently asked if he was related to Theodore Toedt by those who remember the famous tenor's sweet voice and personal charm. It has been a pleasure for Mr. Toedt to reply that he and the singer were brothers.

Theodore J. Toedt died at his home in New Rochelle, N. Y., after many years of failing health. The New York Tribune of December 4 had an interesting account of his career.

Mr. Toedt was born in New York City February 4, 1853, and as a lad was a solo singer in the choir of Trinity church, New York. With maturity his soprano voice changed to a tenor of singularly sweet and sympathetic quality.

In 1897 Mr. Toedt made a tour of the United States as a member of the Carlotta Patti concert company, his associates, besides Madame Patti, being M. de Munk, cellist (her husband) and Henry Ketten, the French pianist. From that time on he was attacked by paralysis of the throat and blindness and forced to abandon public singing. He was the most sought oratorio concert tenor in the country. He sang at eighteen concerts of the Oratorio Society between 1881 and 1890 and was often heard at concerts of the Handel and Haydn Society of Boston and at festival concerts conducted by Theodore Thomas in Cincinnati, Chicago and other western cities. He was long the solo tenor of the choir of St. Bartholomew's church, where his wife, Mrs. Ella Earle Toedt, whom he married in 1888, was the solo soprano for many years.

Toedt was acknowledged to be the leading American tenor of his time in concert and oratorio.

TAHITI BANDIT GANG CAPTOR VISITS U. S.

SAN FRANCISCO, Dec. 17.—Paul M. Langomazino, assistant chief of police of Tahiti, former doughboy in the 62d U. S. Infantry overseas, arrived on the ship after two years' work rounding up desperate Chinese bandits in Tahiti.

The gang, under the leadership of Wing Sung Low, got a foothold in the island during the war and exerted a terrorizing influence on the natives. They exacted tolls that the poor of outlying districts were hard pressed to pay. In the event of their demands being refused, it was a common occurrence to enter a village and carry off the most beautiful woman or the most respected patriarch.

Murder and arson were common. Langomazino, following the conclusion of the war, undertook the task of rounding up the bad men. He was appointed assistant to the chief of police and given full authority to act. He set out to capture the gang alive, and the tale of the final chapter of the war against outlawry is a thrilling one.

Surrounded, but fighting gamely, the desperadoes were finally induced to surrender after the officers, led by Langomazino, had killed fourteen of their number and had received four casualties in return. The captives were chained and made to march, like the old Roman captives, in the middle of the triumphal procession back to Papeete, where the Governor personally commended the young officer for his work.

Langomazino is here on a five months' trip for his health.

REMANDED TO JAIL.
 Following a complaint sworn to by his wife charging him with a felony in connection with alleged non-support, Leon B. Smith was arraigned in the court of Justice John B. Cox. He pleaded not guilty, and was remanded to the county jail in lieu of \$500 cash bail. He was arrested yesterday.

ON BIG GAME HUNT
 WINNIPEG, Manitoba, Dec. 17.—The Manitoba big game hunting season dates from December 1 to 10. Three hundred applications for hunting licenses have already been received. The main district is Northern Manitoba. Already this season a party of hunters have gone to Dryden, Ontario, and will move out from there for big game hunting.

MRS. M. C. CROWLEY, of Los Angeles, who says Tanlac completely restored her health after everything else, even a change of climate, failed to help her in the least.

"I came to Los Angeles trying to regain my health, but I didn't get any better, even in this wonderful climate, until I began taking Tanlac," said Mrs. M. C. Crowley, who lives at 1041 South Hill street, Los Angeles, the other day.

"I was so weak and broken down that I was hardly able to get about at all. I suffered terribly after my meals on account of my food souring and gas forming on my stomach, and I would feel so tight that I could hardly get a good breath. My appetite left me and I was so nervous that I couldn't stand the least noise and I never knew what it was to get a good night's sleep."

"I tried doing for more than two years, but that didn't help me any, for I was continually getting worse all the time and actually lost twenty-five pounds in weight."

"All the different treatments and medicines I took failed to do me the least bit of good, and I finally came to the conclusion that my condition would never be any better."

"From my personal experience with it that Tanlac is a good medicine, for as soon as I began taking it, I began to improve. Why, it is perfectly wonderful the way I have gained in strength, weight and every other way, and I now feel like a different woman entirely."

"I have a fine appetite and my nerves are in such perfect condition that I sleep soundly every night. I never suffer from sour stomach and gas forming after meals and, in fact, all my troubles have just gradually disappeared since taking Tanlac."

"I feel so thankful over my improvement that I am glad to have the opportunity to recommend Tanlac to everybody."

Tanlac is sold in Santa Ana by Rowley Drug Co., Heying Pharmacy, Anaheim, Jesse Hardy, Fullerton, and the leading druggists in every town.

ASHAMED OF WIFE, CLAIM IN DIVORCE

LOS ANGELES, Dec. 17.—William G. Vance felt disgraced because he had married a Spanish woman, according to the testimony of his wife, Christina C. Vance, who was granted a divorce by Judge Crail. Mrs. Vance said her husband left her three days after the wedding.

"I came home and he was gone," she testified.

Mrs. Vance said she located her husband after some search, but he refused to return to her.

"He wrote me a letter, stating he had disgraced himself by marrying a Spanish woman," she testified.

EMIGRATION FROM BELGIUM INCREASES

BRUSSELS, Dec. 17.—Emigration from Belgium will show about a 40 per cent increase, according to estimates made by the American consul-general at Brussels. During the last year 7000 Belgians have been granted visas for the United States. Next year about 10,000 will go. There has been a big increase since the proposal for a year's ban on immigration.

Seventy per cent of the emigrants are agricultural laborers from Flanders. Twenty per cent are coal miners and the other ten per cent are industrial workers.

Antwerp, the port from which most of the emigrants are sailing, is crowded with emigrants of other nationalities. It is the clearing house for the Poles, Czechoslovaks and Central empire traffic. Steamship companies could book double the number of passengers for their ships if they had sufficient space.

QUARANTINE BOARDS WATCH FOR WEEVIL

SACRAMENTO, Dec. 17.—At a recent meeting of the Montana Quarantine board held in Helena, it was recommended that the counties of Malheur and Baker in Oregon; Washoe in Nevada, Gunnison and Montrose in Colorado, should be included in the quarantine against the alfalfa weevil.

Possibilities of the weevil being introduced into Montana with shipments of alfalfa meal products was discussed by Professor Cooley who had recently returned from investigating the condition of the mills in Idaho, which resulted in the recommendation that alfalfa meal products be admitted into Montana from infested areas during the time that the weevil is inactive, from October to April.

The authorities of the states over which quarantines have been placed are making every effort to comply with California regulations and the railroad companies are assisting by refusing to accept shipments not properly certified. All shipments that are not accompanied by the proper inspection certificates are held up by inspectors and returned to point of origin.

DISHWATER WITHOUT SOAP; ASKS DIVORCE

TACOMA, Wash., Dec. 17.—Gustave E. Krause, wealthy Sumner, Wash., rancher, was so stingy that he would not allow his wife to use soap in the dishwasher. Mrs. Nell B. Krause told the court when her husband's divorce suit was called in a Tacoma court.

"Krause kicked because I bought a quart of milk each day for my twin boys," Mrs. Krause testified. "He would tell ghost stories to the children until they were so nervous they could not sleep. His friends would tell him I married him for his money, and that made things disagreeable. He would turn off the lights before company went home. I agreed to marry him in order to have a home for myself and my children."

The Krauses are now contesting over a division of property.

DRIVER OF TAXICAB RUNS DOWN BANDIT

LOS ANGELES, Dec. 17.—When two masked bandits attempted to hold up and rob Gus Rensen, a taxi driver, Rensen ran down one of the bandits, seriously injuring him.

After the wheels of the taxicab passed over the man's body the bandit fired a shot at Rensen. The bullet crashed through the windshield of the auto, missing Rensen's head by a few inches.

"—as perfect a hole as any in Huntington Beach"

That is what Jack McKeon, Texcal's driller says of our well! That is what Bert McCrea, our formation man says! That is the verdict, too, of Jim O'Donnell! And it is the opinion of every oil man who is familiar with our operations!

There is no guesswork now about Texcal's well. We are absolutely confident not only of a producer, but of a big well, producing anywhere from 1000 to 10,000 barrels!

The bringing in of Standard No. 3, 1500 feet from Texcal's well, will mean a big jump in the price of Texcal's shares. A perforation of the casing is all that is needed to add to the list of Huntington Beach gushers.

Get your Texcal shares before such developments as this send the price beyond your reach. Shares now at par value, \$1.00, should reach \$5.00 or more shortly after the first of the year.
